# State to build 30 sports academies, 22 new stadia

BY PCS

The government is expanding sports infrastructure across the country in an effort to support young talent, President William Ruto said.

The President said the government is also setting up 30 sports academies and an additional 22 stadia.

These initiatives, he said, will give talented Kenyans an opportunity to nurture their skills and thrive on the global stage.

“My administration is deeply committed to nurturing talent and unlocking opportunity for our youth. We are investing in sports academies, community facilities, and the creative economy because we know that sports is not only about competition, but also about empowerment, unity, and national pride,” President Ruto explained.

The President made the remarks at State House, Nairobi, during a ceremony to mark the arrival of the English Premier League Trophy in Kenya.

He said the trophy should remind Kenyans that the country’s love for football is boundless and, with teamwork, resilience, and purpose, greatness is within reach.

“As the Premier League Trophy begins its Kenyan tour during the Guinness Matchday Weekend, I invite all Kenyans to come out and celebrate this historic mo-

Above: Ithookwe Stadium in Kitui. Inset: A render of the Talanta Stadium currently under construction.

Kenya now holds high profile positions in the Stadium and Security, International Relations and Ethics committees of FIFA

ment,” he said.

The President noted that football runs deep in Kenya’s national story, recalling the dazzling brilliance of the late Joe Kadenge, Victor Wanyama, who flew the national flag in the English Premier League, and McDonald Mariga, the first Kenyan to win

the UEFA Champions League. “These are men who inspired generations and reminded us that Kenyan talent belongs on the world stage,” he said. President Ruto commended the East African Breweries Ltd (EABL) for championing talent in the country by supporting various sports. “Every year, EABL invests over Sh300 million in sports, ranging from football and rugby to golf, motorsport, and athletics, nurturing talent and building opportunity,” he said. Sports Fund Chief Executive Officer Nuh Ibrahim explained that the government has paid the backlog of cash awards owed to sportsmen and women medal winners as way back as 2011. Under President Ruto, Mr Ibrahim noted, sports has received much-needed attention, citing renewed interest among Kenyans and the development of sports facilities. He also pointed out that Kenya is becoming a destination for many sports events, saying seven championships in various disciplines will be hosted in the country this month and the next. Federation of Kenya Football President Hussein Mohammed said thanks to reforms in sports, the country’s profile is rising. He noted that Kenya now holds high profile positions in the Stadium and Security, International Relations and Ethics committees of FIFA.

# Kisumu Port records surge in cargo volumes after major infrastructure improvements

BY CHRIS MAHANDARA (KNA)

Kisumu Port has recorded a sharp rise in cargo volumes following major government-backed infrastructure upgrades, reinforcing its position as a key hub for East Africa’s inland trade. According to the Port Manager for Cargo Services, Patrick Makau, cargo volumes at the facility have increased from 127,000 metric tonnes in 2023 to 281,000 metric tonnes in 2024, and further to 324,000 metric tonnes by the end of September this year. He said the figure is projected to reach 400,000 metric tonnes by December – the highest since the port was refurbished and reopened in 2019. Speaking during the reception of a new vessel, MV Mpungu, at the port, Makau said the Kenya Ports Authority (KPA) remains committed to sustaining the growth momentum through continued investment in infrastructure to attract more vessels and enhance efficiency. He noted that top on the agenda was dredging the port to allow larger ships to dock,

1. Kisumu Port Manager Cargo Services Patrick Makau presents a commemorative plaque to MV Mpungu Captain Obedi Nkongoki to signify the ships maiden call to the Port.  
2. MV Mpungu makes a maiden call to Kisumu Port signifying growth at the inland port.

PHOTOS BY CHRIS MAHANDARA

as well as promoting multimodal transport that integrates lake, road, and rail networks for seamless cargo movement across the region. “We are committed to supporting regional trade expansion through ongoing infrastructure upgrades, aiming to meet the rising demand and unlock new opportunities across the lake region,” said Makau. The arrival of MV Mpungu, a 96-metre-long cargo vessel from

Uganda, marks a new chapter in East Africa’s inland shipping. Operated by Grindrod Logistics Africa under East Africa Marine Transport (EAMT), the vessel made its maiden call to Kisumu to load cargo destined for Port Bell and Jinja in Uganda. Its arrival was marked by a brief ceremony attended by KPA officials and representatives from Express Shipping & Logistics (EA) Ltd. MV Mpungu Captain Obedi Nkongoki, who was presented with a certificate of call and a commemorative plaque, praised Kisumu’s strategic role in regional trade, saying the vessel would make regular calls to ports across Lake Victoria. “Kisumu is a key hub for unlocking trade potential in the region and we look forward to making regular calls here and to other ports around the lake,” he said. Commissioned on January 31, 2025, MV Mpungu has a cargo capacity of 1,000 tonnes, equivalent to 22 trucks, and features a roll-on/roll-off design that allows efficient loading and unloading of wheeled cargo such as trucks and trailers. Capt. Nkongoki said by taking 22 trucks off East African roads per trip, the vessel would play a crucial role in preserving road infrastructure and saving governments huge repair costs. The ship is expected to transport goods including tiles, excavators, plant machinery, and aluminum, complementing its operations on the Port Bell–Mwanza route.

COMMUNICATIONS  
AUTHORITY OF KENYA

**PUBLIC NOTICE**

**EXTENSION OF PUBLIC CONSULTATION PERIOD**

**ENHANCEMENT OF THE NATIONAL TELECOMMUNICATIONS  
NUMBERING, NAMING, ADDRESSING, AND IDENTIFICATION  
(NNAI) RESOURCES FRAMEWORK**

Communications Authority of Kenya (CA) is the regulatory agency for the ICT sector in Kenya with responsibilities in telecommunications, e-commerce, broadcasting, and postal/courier services. CA is also responsible for managing the country’s numbering and frequency spectrum resources as well as safeguarding the interests of users of ICT services.

In furtherance of the responsibility of administering and managing the country’s Numbering, Naming, Addressing, and Identification (NNAI) resources, the Authority has developed an enhanced draft NNAI framework. The draft framework aims to increase the NNAI resource capacity, hence ensuring adequate NNAI resources to cater for the increasing use cases that need the said resources, as well as keeping abreast with technological changes.

Further, noting that NNAI resources are finite, the draft framework proposes introduction of annual fees for select NNAI resources used by service providers in the network as well as special patterned numbers.

Members of the Public, ICT Service providers, and Stakeholders in the ICT sector, are invited to submit their representations on the proposed framework by **November 28th, 2025**. Submissions should be made via the email address: [numbering@ca.go.ke](mailto:numbering@ca.go.ke).

The consultation paper, proposed draft Numbering, Naming, Addressing and Identification (NNAI) framework as well as the submission format are available on the Authority’s website at: <https://www.ca.go.ke/open-consultations>

MINISTRY OF YOUTH AFFAIRS, CREATIVE  
ECONOMY AND SPORTS

STATE DEPARTMENT FOR YOUTH AFFAIRS AND CREATIVE ECONOMY

RE-ADVERTISEMENT

**REQUEST FOR EXPRESSIONS OF INTEREST  
INDIVIDUAL CONSULTANT SELECTION (ICS)**

Country:	KENYA
Name of Project:	National Youth Opportunities Towards Advancement Project
Credit No./ Grant No.: Credit:	Credit No. IDA-7355-KE/Grant No. E210-KE

The Government of Kenya has received financing from the World Bank towards the cost of the National Youth Opportunities Towards Advancement (NYOTA) Project and intends to apply part of the proceeds for procurement of Individual Consulting Services for Roll out and Capacity Support Technical Assistant Consultant Ref No. **KE-SDYA-454961-CS-INDV**.

The attention of interested Individual Consultants is drawn to Paragraph 3.14, 3.16 and 3.17 of the world Bank’s “**Procurement Regulation for IPF Borrowers**” dated July 2016 and revised in February, 2025 (6th Edition) setting forth the World Bank’s policy on conflict of interest.

The Government of Kenya (GoK), through the Ministry of Youth Affairs, Creative Economy and Sports seeks the services of the Specialist to undertake the tasks listed in the Terms of Reference.

The consultant will be based in Nairobi, Kenya, but with availability to travel to other counties.

A Consultant will be selected in accordance with the Individual Consultants Selection method set out in the World Bank “**Procurement Regulation**”. Detailed Terms of Reference (ToRs) document for the specialist can be downloaded from <https://youth.go.ke/tenders-and-awards/> and [www.nyotaproject.go.ke](http://www.nyotaproject.go.ke) or from the address given below.

Interested eligible candidates may obtain further information from the Project Supply Chain Management Office at NYOTA offices, Bruce House, Standard Street, 3<sup>rd</sup> Floor Northern wing Room No. 321 during official working hours (8.00 a.m-5.00 p.m.) and days. Complete REOI document (paginated and stamped/signed on each page) and enclosed in plain sealed envelope marked with the tender reference number and addressed to the Principal Secretary, State Department for Youth Affairs and Creative Economy, P. O. Box 34303 – 00100, Nairobi, Kenya and should be deposited in the Tender Box at Bruce House 3<sup>rd</sup> Floor to be received on or before **Wednesday, 12th November, 2025, at 10.00 hours**.

The REOIs will be closed/opened immediately thereafter in the presence of the candidates or their representatives at the NYOTA Boardroom, Bruce House, 3<sup>rd</sup> Floor Standard Street Nairobi.

**PRINCIPAL SECRETARY**  
**State Department for Youth Affairs and Creative Economy**

# State rolls out NYOTA programme to empower young entrepreneurs

BY WENDY SHEILLA AND NAIF RASHID (KNA)

The Government has reaffirmed its commitment to empowering young people through the newly launched NYOTA Business Support Programme, a nationwide initiative offering non-refundable grants of Sh50,000 to help youth start or expand their businesses.

The programme aims to promote self-employment, entrepreneurship, and innovation among young people as part of the government's strategy to reduce unemployment and stimulate economic growth at the grassroots level.

Cabinet Secretary for Cooperatives and Micro, Small, and Medium Enterprises (MSMEs) Development Wycliffe Oparanya, said the government is determined to support the youth with both financial and technical assistance to help them build sustainable livelihoods.

He clarified that the Sh50,000 issued to each beneficiary is a grant, not a loan, emphasizing that the funds are meant to empower young people to venture into productive business activities without the burden of repayment.

"The Sh50,000 is not a loan; it is a grant that gives young people a foundation to grow their businesses. We have put in place systems to ensure the money is used for the intended purpose,

**Cabinet Secretary for Cooperatives and Micro, Small, and Medium Enterprises (MSMEs) Development Wycliffe Oparanya addresses the press during the launch of the NYOTA Business Support Program in Nairobi.**

and we are committed to guiding the beneficiaries throughout the process," said Oparanya.

He explained that the NYOTA program is one of the key government efforts aimed at nurturing a generation of responsible and creative entrepreneurs who can transform local economies.

Additionally, Oparanya noted that the government has designed the initiative to reach youth from all parts of the country, giving equal opportunities to those with genuine business ideas and the drive to succeed.

To ensure transparency and accountability, the CS revealed

that chiefs and assistant chiefs in all counties have been trained to oversee the progress of beneficiaries at the community level and submit monthly reports to track business performance. These reports will help the ministry monitor the proper utilization of funds and ensure the success of the program.

He added that involving local administrators ensures that funds are used appropriately and that the program remains transparent from start to finish.

Oparanya also disclosed that the NYOTA program includes a savings component to help young entrepreneurs cultivate

financial discipline. Beneficiaries will be required to save a portion of their business earnings, with access to the accumulated savings depending on compliance with the program's requirements.

"The saving element will help create discipline. It ensures that young entrepreneurs understand the value of consistency, patience, and accountability in business. This is how we build a generation that can manage money wisely," he emphasized.

The programme will also include training and mentorship to equip beneficiaries with practical business knowledge. Oparanya revealed that the government is partnering with experienced entrepreneurs and professionals who will mentor the beneficiaries for several months after their training.

"The goal is not just to provide money but to build capacity and create a network of successful young business owners," he said.

The CS, further, clarified that having a Hustler Fund loan does not disqualify an applicant from receiving the NYOTA grant.

He emphasized that the two programs are independent but complementary in supporting small enterprises. However, he urged the youth to maintain good credit behavior, saying responsible borrowing and repayment are important in entrepreneurship. "We are not disqualifying anyone because

they have a Hustler Fund loan, but we encourage them to be responsible. Paying debts and maintaining good records builds trust and discipline, which are vital in business," he added.

Oparanya assured Kenyans that the NYOTA programme is free from political interference, noting that all applications were submitted digitally by youth themselves using a system that allows access even without the internet. This, he said, promotes fairness, accessibility, and inclusivity across the country.

He encouraged beneficiaries to invest in their home areas to create jobs and drive economic growth within local communities, stating that sustainable development begins at the grassroots level.

"The government believes that supporting young people to establish businesses in their home constituencies will have a lasting economic impact," Oparanya said.

He reaffirmed the government's focus on empowering youth as a key driver of national growth, saying initiatives like NYOTA are designed to unlock Kenya's demographic potential. The CS added that similar programs will be developed to support different categories of youth, including graduates, innovators, and small-scale producers.

In her remarks, Principal Secretary (PS) for MSME Development Susan Mang'eni revealed that more than 200,000 youth applied for the NYOTA program during the application phase, with a significant number coming from universities and tertiary institutions.

## Drought hit Marsabit benefit from national livestock restocking drive

**State Department for the ASALs and Regional Development, Principal Secretary, Kello Harsama handing out 100 camels to beneficiaries in Kargi Laisamis Constituency Marsabit County.**

BY CHARLES MATACHO (KNA)

The Government has distributed 100 camels to vulnerable households in Kargi, Marsabit County, under the ongoing livestock restocking programme spearheaded by the State Department for ASALs and Regional Development through the National Drought Man-

agement Authority (NDMA). The initiative, launched in September in Butiye Ward of Moyale Constituency, Marsabit County, saw another 100 camels distributed, marking the first tranche of a countywide plan that will deliver a total of 400 camels across four constituencies. Implemented in line with a directive from President William

Ruto, the restocking programme aims to rebuild livelihoods and strengthen resilience among pastoral households affected by recurrent droughts across Kenya's arid and semi-arid lands (ASALs).

Speaking during the event, Principal Secretary for the ASALs and Regional Development, Mr. Kello Harsama, un-

derscored the Government's commitment to restoring the dignity and livelihoods of pastoral communities through sustainable recovery programmes.

"In the ASALs, livestock is not only a source of income but a way of life. Through this restocking programme, we are restoring hope, rebuilding livelihoods, and enhancing resilience in line with the government bottom-up economic transformation agenda (BETA)," said PS Harsama.

Coordinated by NDMA, the programme is being rolled out across several ASALs counties to support households that lost livestock during previous droughts. It aims to strengthen food security, boost household incomes, and enhance the adaptive capacity of pastoral families to withstand future climate shocks. According to a bulletin from NDMA, although many ASALs counties are currently classified under the "Normal" drought phase, the effects of prior shocks remain severe: approximately two million people remain food-insecure, while about 850,000 children under five years and over 120,000 pregnant and breastfeeding women require acute nutrition support. NDMA notes that the restocking initiative is part of a holistic resilience-building framework that

includes water infrastructure rehabilitation, pipeline extension, irrigation expansion, livestock value-chain development, and early-warning systems—all aimed at restoring livelihoods and promoting long-term climate adaptation.

To support these interventions, the government has allocated funds for restocking and drought-recovery efforts across the 23 ASALs counties demonstrating its commitment to the bottom-up economic transformation agenda (BETA) and to revitalising pastoral economies.

"We are committed to ensuring no one is left behind as we work to transform livelihoods in our arid and semi-arid lands. This is about restoring dignity and resilience, one animal at a time," PS Harsama added.

In Marsabit, the Camel distributions in Kargi and Butiye mark significant steps in the County's recovery efforts following recent droughts that decimated herds and severely disrupted livelihoods.

Laisamis Member of Parliament, Joseph Lekuton, hailed the initiative as timely, noting that it directly supports households hardest hit by drought. He called for continued Government investment in drought mitigation, sustainable rangeland management, and support for pastoral economies.

# Chuka community celebrates launch of the Bible in local dialect

BY DICKSON MWITI AND  
CHRISTINE NGITORI (KNA)

The Chuka community in Tharaka Nithi County celebrated a historic milestone with the launch of the Gichuka New Testament Bible, marking the first time the word of God has been made available in their local dialect.

The colourful event, held at Chuka Picnic Grounds, brought together clergy, faithful, and community leaders who hailed the translation as a spiritual and cultural breakthrough

for the Gichuka-speaking people, a sub-group of the Meru community.

Speaking during the launch, Bible Translation and Literacy (BTL) Board Chairperson Kendi Ogamba described the day as momentous, saying that translating scripture into the Gichuka language will strengthen faith within the community and deepen their understanding of the gospel.

"Listening to God's word in your own language speaks directly to the heart. This is a spe-

**Moderator of the 24th General Assembly, Rev Mutahi Thegu, launching of the New Testament Bible translated Gichuka language.** PHOTO BY CHRISTINE NGITORI

cial day for the people of Chuka, and we thank God that His word can now be read and understood in words that are familiar and dear to us," emphasized Ms Ogamba.

She noted that despite the successful translation of New Testament, BTL has embarked on translating the Old Testament to ensure the entire Bible is available in Gichuka language. The Moderator of the 24th General Assembly, Reverend Mutahi Thegu, commended BTL for its commitment to pre-

serving indigenous languages through scripture translation, adding that the project would promote unity and spiritual growth among believers.

"This translation will not only deepen our faith but also help preserve the Gichuka language for future generations. The Bible has strengthened our identity as believers," said Reverend Thegu.

Ms Rebeca Kagendo, a resident, expressed gratitude to BTL, saying the translation will make the scripture more relatable.

## Over 29,000 youth register for NYOTA project in Kisii County

**State Department for Broadcasting and Telecommunications Principal Secretary Stephen Isaboke (right) and Kisii County Commissioner Joseph Kibet during the NYOTA verification exercise at the Kisii National Polytechnic.**

PHOTO BY JANE NAITORE

BY SOPHIA MATOYA  
AND MERCY OSONGO  
(KNA)

More than 29,000 youth across Kisii County have registered for the National Youth Opportunities Towards Advancement (NYOTA) Project, State Department for Broadcasting and Telecommunications Principal Secretary Stephen Isaboke has said.

The NYOTA initiative aims to empower young people through entrepreneurship, training, and financial support.

Speaking during a verification exercise at Kisii National Polytechnic on the outskirts of Kisii town, Mr. Isaboke noted that the high number of registrations followed a successful sensitisation drive conducted two weeks earlier, during which youth were

encouraged to sign up online via the USSD code \*254#.

"The response has been overwhelming. We have recorded 804,000 registrations nationwide, with Kisii County accounting for about 29,979 applicants," Mr. Isaboke said.

The PS explained that the ongoing validation exercise was crucial in ensuring that beneficiaries are genuine, locally distributed, and meet the project's eligibility criteria.

"Applicants are required to present their National Identity Cards (IDs) for authentication and answer a few questions to confirm their eligibility and commitment to the project," Isaboke added. After verification, applicants will be required to take the Entrepreneurship Aptitude Test (EAT) as a mandatory require-

ment for the final selection, to assess their business potential and readiness for self-employment.

Isaboke said the government had allocated Sh20 billion for the Nyota Project and the first Sh5 billion has been released for Phase One, with subsequent disbursements to follow.

After the screening, 3150 successful applicants in Kisii will receive a Sh50,000 grant each to start and expand small businesses.

"This initiative is not just about money but about building a culture of entrepreneurship and resilience among our young people," said the Principal Secretary.

Isaboke added the huge turnout and enthusiasm reflects the youth's readiness to embrace opportunities for economic empowerment.

KENYA REVENUE  
AUTHORITY  
*Tulipe Ushuru, Tujitegemeel*

## Career Opportunities

The Kenya Revenue Authority (KRA) is the National Revenue Collection Agency for the Government of Kenya. Our Vision is: "An Agile Tax and Customs Revenue Agency Facilitating Voluntary Compliance for All".

KRA is seeking to recruit results-oriented, self-driven, dynamic, and experienced individuals with high integrity to fill the following vacant positions:

No.	Position	Vacancy(s)	Vacancy Ref.
1.	Manager - Business Projects Portfolio	1	M/P/10/25
2.	Assistant Manager – Business Projects Portfolio - One (1) Post	1	AM/P/10/25
3.	Assistant Manager, Cloud Architecture and Technology Platforms	1	AM/C/10/25
4.	Supervisor, Cloud Architecture and Technology Platforms	1	S/C/10/25
5.	Supervisor, Business Application Support	1	S/B/10/25
6.	Supervisor, Software Development	2	S/S/10/25

Detailed Job descriptions are posted on the KRA website.

Interested candidates are requested to visit KRA website at <https://www.kra.go.ke/careers> for full job descriptions and specifications and submit online applications by **17<sup>th</sup> November, 2025 23:59hrs**.

Please Note:

- It is a criminal offence to present fake certificates/documents and to include incorrect information in the application.
- Canvassing, falsifying or misrepresentation of qualifications will lead to automatic disqualification.
- Only shortlisted and successful applicants will be contacted.
- KRA is committed to affording equal employment opportunities to men and women, members of all ethnic groups and persons with disabilities. **People with disabilities, the marginalized and the minorities are therefore encouraged to apply.**
- KRA does not charge any application, processing, interviewing, or any other fee at any stage of the recruitment process.**

### Application Guidelines

#### Registration:

- Go to <https://erecruitment.kra.go.ke/login> and then click on the "Register" button to start the application process. Use your personal/private email address (non-work email) to register.
- After registration, you will receive an email enabling you to confirm your email address and complete your registration.

#### Log on:

- After registration go to <https://erecruitment.kra.go.ke/login>.
- Key in your username and password then click on "Log in" to access your account.
- After successful log in, the system will open the "Applicant Cockpit".

#### Candidate Profile (To create or update applicant detail):

- On the "Applicant Cockpit" page, go to the tab "Candidate Profile".
- Click on "My Profile" to create and update your profile (Attach documents in PDF format).
- Follow the instructions to complete your profile.
- The process will end by clicking the tab "Overview and Release".
- Ensure you click the check box on the page to complete the profile.

#### Application process:

To view the open job postings, click on the tab "Employment Opportunities" on the "Applicant Cockpit" page.

Under the heading "Job Search" click the "Start" button to view all available vacancies.

Click on the Job posting to display the details of the position.

To apply for the position, click "Apply" button at the top of the page.

Follow the instructions to complete and submit your application.

Kindly note that all mandatory fields must be completed.

To complete the process of application, click the "Send Application Now" button after reviewing and accepting the "Data Privacy Statement".

In case of any challenge or issues, please send your email query to [kracareers@kra.go.ke](mailto:kracareers@kra.go.ke)

# New policy to safeguard rights of marginalized groups in Kenya

Narok County Commissioner, Kipkech Lotiatia, addresses the media after a public participation event on the Ethnic Minorities and Marginalized Community Bill 2025 and Draft Policy on Minorities. Lotiatia said the two documents will provide synergy between counties and the national government to achieve inclusivity. PICTURE: EMILY KADZO

BY EMILY KADZO AND SIMON MALOWA (KNA)

The State has announced that the Ethnic Minorities and Marginalized Communities Bill, 2025, together with the Draft Policy on Minorities, will establish a legal framework to guarantee the protection of the rights of minority and marginalized groups, as enshrined in the Constitution of Kenya. Mr. Abdi Kahiya, Director of Governance within the Minorities and Marginalized Affairs Unit (MMAU) in the Office of the President, said that although Article 56 of the Constitution recognizes these groups, there is currently no guiding legislation or policy to implement these constitutional provisions. “Despite efforts by various lobbies and advocacy groups at both national and county levels, the absence of a structured framework remains a major setback to fair treatment and inclusion,” said Mr. Kahiya. Speaking during a public participation exercise at the Narok County Commissioner’s office, where institutions and organisations submitted comments on the two documents, Kahiya emphasized the government’s commitment to advancing the rights and welfare of special interest groups. He said strengthening legal and policy structures is crucial to ensuring equity, inclusion, and social justice for all

Kenyans. Mr. Kahiya expressed confidence that the public participation forums would generate actionable recommendations to guide legislative reforms and policy interventions aimed at safeguarding marginalized communities’ rights nationwide. The Office of the Chief of Staff and Head of Public Service, through MMAU and a Technical Working Committee, developed the Draft Policy and Bill on ethnic minorities. Mr. Kahiya said these documents seek to shift Kenya’s development trajectory from historical exclusion to equitable inclusion, recognizing that sustainable growth and national cohesion depend on the full participation of all communities. He noted that, although Kenya has made progress in some areas, serious challenges persist, especially in land ownership and resource distribution, issues the new Bill and Policy aim to address if approved. “It is our sincere hope that the new policy and legal framework for full implementation of Article 56 of our Constitution will be ready by December. This will change how public entities handle minority and marginalized community issues,” said the Director. Head of the Minorities and Marginalized Affairs Unit in the Office of the President, Mr. Josephat Lowoi Lodoyi, said a clear legal and policy framework is needed

to implement constitutional provisions for these groups. He admitted that, although Articles 56 and 260 of the Constitution recognize minorities and marginalized groups, progress has stalled due to the absence of guiding policy. Mr. Lodoyi praised President William Ruto’s administration for preparing the first-ever draft policy and legislation to address long-standing challenges facing these communities, pledging completion by the end of the year. “We are determined to have a policy and law governing minority and marginalized community issues before the end of this year. This will enable every State department to understand how to handle their concerns, and both national and county governments will be better able to engage and plan for these communities,” he said. He affirmed that the new framework will provide a structured approach to tackling challenges related to access to resources, representation, and socio-economic inclusion. Mr. Lodoyi also reiterated the government’s commitment to cultural inclusion, explaining that the proposed statute will preserve and promote the cultural values, languages, and practices of these communities. The Bill and Policy will also ensure reasonable access to essential services such as water.

# PSPMU evaluates ICT and Broadcasting and Telecommunications directors

BY MICHAEL OMONDI (KNA)

The Principal Secretary (PS) for ICT, Eng John Tanui, has reaffirmed the commitment of the Ministry of Information, Communication and the Digital Economy to work and deliver on the Bottom-up Transformation Agenda, the realization of the Vision 2030 and other commitments under its Digital Master Plan. The PS expressed strong optimism that the teams

under the various Directorates in the Ministry’s State Departments of ICT and the Digital Economy and Broadcasting and Telecommunication have put quite some effort over the last one year to enhance public communication, connectivity, digitisation and other commitments and targets set out in the Performance Contracts (PC) in the beginning of the last financial year. While addressing a team of evaluators from the Pub-

lic Service Performance Management Unit (PSPMU) at the Ministry’s headquarters in Nairobi during the PC 2025/2026 Evaluation for the Ministry of Information, Communication and the Digital Economy, Eng. Tanui assured the team of the Ministry’s total cooperation to ensure that evidence of facts is provided during the evaluation process, maintaining that the achievement of these targets and commitments is critical.

## DISCLOSURE ON THE PROJECT DEVELOPMENT PHASE FOR NAIROBI-NAKURU-MAU SUMMIT (A8) ROAD AND NAIROBI – MAAI MAHIU (A8 SOUTH) PPP ROAD PROJECT

### A: BACKGROUND:

The Kenya National Highways Authority (KeNHA) received two (2No) Privately Initiated Proposals (PIPs) from Shandong Hi-Speed Road and Bridge International Engineering Co.,Ltd (SDRBI) and a Consortium of China Road and Bridge Corporation (CRBC) with National Social Security Fund Trustees (NSSF) for the Design, Build, Finance, Operate, Maintain and Transfer (DBFOMT) of the Nairobi-Nakuru-Mau Summit (A8) Road Project and Nairobi – Maai – Mahiu (A8 South ) Road Project under a Public-Private Partnership (PPP) model. The PIPs comprised of two road sections i.e. approximately 175 Km of the A8 Road and 58 Km of the A8 South Road from Rironi Interchange to Mau Summit turnoff (A8 Section) and Rironi Interchange to Naivasha Interchange through Maai Mahiu (A8 South ). The Project roads traverse three counties namely Kiambu, Nyandarua and Nakuru. The PIPs were granted conditional approval to proceed to Project Development Phase (PDP) by the PPP Committee .

Following the conditional approval by the PPP Committee, the Project Proponents: China Road & Bridge Corporation (CRBC) & National Social Security Fund Trustees (NSSF) Consortium and Shandong Hi- Speed Road & Bridge International Engineering Co. Ltd (SDRBI) undertook Project Development Phase (PDP) activities/ Feasibility Studies and submitted Feasibility Study Reports to KeNHA on 15th September 2025.

Pursuant to the submissions, the Contracting Authority carried out evaluation in accordance with the provisions of Section 43(9) of the PPP Act, Cap 430 and thereafter submitted its Evaluation Report (hereinafter “the Report”) to the Directorate for recommendation(s) thereon to the PPP Committee for approval.

### B: NOTICE TO THE PUBLIC:

In this regard, the Contracting Authority (KeNHA), the PPP Directorate, and the PPP Committee have undertaken the necessary processes and procedures in line with the provisions of the PPP Act, Cap 430 in processing the Report and hereby notify the public of the following:

**The PPP Committee, National Treasury & Economic Planning, delivered its decision during its 47th Extraordinary PPP Committee meeting held on 9<sup>th</sup> October, 2025 to the effect that the Committee;**

- Determined** that the project meets the public interest, public private partnership suitability, project feasibility and affordability criteria and granted approval for the project to be procured under the PPP Act, 2021;
- Approved** the recommendation of the Evaluation Report, which recommended China Road & Bridge Corporation (CRBC) & National Social Security Fund Trustees (NSSF) Consortium, as the Preferred Project Proponent, subject to its fulfilment of the Technical, Financial, Environmental and Social and Legal Conditions outlined in the Evaluation Report.

This Disclosure is therefore made in line with the provisions of the PPP Act, Cap 430, The National Treasury Circular dated 24th April, 2025 on Public Disclosure on Privately Initiated Proposals ([https://pppkkenya.go.ke/ova\\_doc/circular-on-public-disclosure-of-privately-initiated-proposals-pips/](https://pppkkenya.go.ke/ova_doc/circular-on-public-disclosure-of-privately-initiated-proposals-pips/)) and in line with Government of Kenya’s desire for transparency in all its initiatives. Further, the disclosure is made 1) to notify members of the public of the decision of the PPP Committee on the Evaluation of the Project Development Phase documents and 2) to comply with the publication requirements under Section 43(14) of the PPP Act (Cap 430). Accordingly, further particulars in this respect are available on <https://kenha.co.ke/tenders-ppp/>.

KeNHA remains committed to strictly adhering to the provisions of the PPP Act, Cap 430 and further assures the public that it will endeavor to abide by the provisions of the PPP Act Cap 430 . The Government of Kenya, similarly remains committed to delivering critical infrastructure to Kenyans.

# Kenya hosts top African scientists to boost research

Prof. Shaukat Abdulrazak PS Science Research and Innovation during the capacity building workshop for Young Scientists in Africa, held in Nairobi.

BY JOSEPH KAMOLO MUTUA (KNA)

The Government of Kenya recognises the significance of science and research in informing sound policy development and addressing societal challenges, both present and emerging.

Principal Secretary for the State Department for Science, Research and Innovation, Prof. Shaukat Abdulrazak, speaking during a capacity-building workshop for Young Scientists in Africa held in Nairobi, said the initiative continues to strengthen the fabric of global science through inclusive, equitable, and transformative capacity-building efforts.

Kenya proudly hosted 28 researchers from 16 African countries during the transformative research capacity-building workshop, which aimed to foster cooperation, support women in science, and align efforts with the Sustainable Development Goals and Africa Agenda 2063.

With Africa’s population set to double, the Seed Grant for New African Principal Investigators initiative is critical in building local scientific capacity to address complex societal challenges such as climate change, public health, food security, and sustainable development.

PS Prof. Shaukat noted that the impactful programme, supports early-career researchers through research grants, mobility, and practical training with a strong focus on innovation, industry collaboration, and soft skills.

He challenged participants to pursue impactful, policy-relevant research and to promote brain circulation, minimize brain drain advocating for future capacity building in science diplomacy for Africa.

PS Shaukat commended UNESCO-TWAS, BMBF, and all partners for investing in Africa’s scientific future. Urging them to continue championing science as a key driver for sustainable development.

Since the TWAS programme inception in 2021, it has supported nearly 100 early-career scientists thanks to the German Federal Ministry of Research, Technology, and Space for their support for assembling 28 outstanding researchers of which 7 were Kenyans while others were from other 16 African countries namely, Benin, Cameroon, Djibouti, Ethiopia, Gabon, Ghana, Mauritius, Malawi, Namibia, Nigeria, Somalia, Tanzania, Uganda, Zambia, and Zimbabwe.

### SPECIFIC PROCUREMENT NOTICE (SPN)

#### SIRARI CORRIDOR ACCESSIBILITY AND ROAD SAFETY IMPROVEMENT PROJECT: ISEBANIA – KISII – AHERO (A1) ROAD PROJECT

#### SUPPLY, DELIVERY AND COMMISSIONING OF SIX (6) NO ADVANCE LIFE SUPPORT AMBULANCES AND EQUIPMENT TO POST CRASH CARE CENTRE

#### SUB LOT 2E: THERAPEUTIC MEDICAL EQUIPMENT TO ST. JOSEPH NYABONDO MISSION HOSPITAL

### Invitation for Bids [IFB] Goods (One-Envelope Bidding Process)

IFB Number:	KeNHA/2910/2025
Purchaser:	Kenya National Highways Authority
Project:	Sirari Corridor Accessibility and Road Safety Improvement Project
Contract title:	Supply, Delivery and Commissioning of Six (6) No Advance Life Support Ambulances and Equipment to Post Crash Care Centre Sub Lot 2E: Therapeutic Medical Equipment to St. Joseph Nyabondo Mission Hospital
Country:	Kenya
Loan No. / Grant No.:	5580155000451
Procurement Method:	Open Competitive Bidding (International) (OCBI)
OCBI / LCB No:	KeNHA/2910/2025
Issued on:	28th October, 2025

1. The Government of the Republic of Kenya (GoK) has received financing in form of a loan from the African Development Bank (AfDB) hereinafter called the Bank toward the cost of the Sirari Corridor Accessibility and Road Safety Improvement Project, and intends to apply part of the proceeds toward payments under the contract for Supply, Delivery and Commissioning of Six (6) No Advance Life Support Ambulances and Equipment to Post Crash Care Centre; Sub Lot 2E: Therapeutic Medical Equipment to St. Joseph Nyabondo Mission Hospital . For this contract, the Borrower shall process the payments using the Direct Payment disbursement method, as defined in the Bank's Disbursement Guidelines and procedures for Investment Project Financing, except for those payments, which the contract provides to be made through letter of credit.

2. The Government of Kenya through the Kenya National Highways Authority, herein referred to as the Client now invites sealed Bids from eligible Bidders for Supply, Delivery and Commissioning of Six (6) No Advance Life Support Ambulances and Equipment to Post Crash Care Centre Sub Lot 2E: Therapeutic Medical Equipment to St. Joseph Nyabondo Mission Hospital

3. Bidding will be conducted through the Open Competitive Bidding (International), (OCBI) method as specified in the Bank's Procurement Framework and is open to all eligible bidders as defined in the Procurement Framework.

4. Interested eligible Bidders may obtain further information from and inspect the Bidding documents during office hours i.e., 0800 to 1700 hours at the address given in item 9 below

5. A complete set of bidding documents prepared in English language will be available from 29<sup>th</sup> October, 2025 and may be obtained free of charge from the Kenya National Highways website – [www.kenha.co.ke](http://www.kenha.co.ke) or the Government of Kenya Supplier Portal – PPIP Procurement Portal: [www.tenders.go.ke](http://www.tenders.go.ke) or purchased from the below address by interested bidders upon payment of a non-refundable fee of KShs. 1,000.00 (Kenya Shillings One Thousand Only) in form of a banker's cheque payable to: Kenya National Highways Authority.

6. All Bids must be accompanied by a Bid Security of **KShs. 2,000,000 (Kenya shillings Two Million Only)** or its equivalent in a freely convertible currency.

7. Attention is drawn to the Procurement Framework requiring the Borrower to disclose information on the successful bidder's beneficial ownership, as part of the Contract Award Notice, using the Beneficial Ownership Disclosure Form as included in the bidding document.

8. There shall be No organized site visit. Bidders are encouraged to make arrangements to visit the site and familiarize themselves with the delivery site before submission of bids.

9. Bids must be enclosed in plain packages and clearly marked with the Tender Reference Number and Description for identification as appropriate, sealed and transmitted by courier or delivered by hand so as to be received at the address below, not later than **1100hrs local time on 2<sup>nd</sup> December, 2025.**

## INVITATION TO TENDER

**PROCURING ENTITY:** Rural Electrification and Renewable Energy Corporation  
P O Box 34585 - 00100 Nairobi.

The Rural Electrification and Renewable Energy Corporation invites sealed bids for the following tenders/ Contracts.

**CONTRACT NAME AND DESCRIPTION** as follows;

RFX No.	Contract name and Descriptions	Bid Security	Closing/ Opening Date
1000001400	Supply and delivery of treated wooden poles – Ex Stock	Required, Amounts in the TDS	21.11.2025@10.00am.
10000011401	Supply and delivery of treated wooden poles– Open to All Bidders	Required, Amounts in the TDS	21.11.2025 @10.00am
1000001402	Supply and delivery of treated wooden poles – Open to Youth	N/A	21.11.2025 @10.00am
1000001403	Supply and delivery of treated wooden poles – Open to Women	N/A	21.11.2025 @10.00am
1000001404	Supply and delivery of treated wooden poles– Open to PWD	N/A	21.11.2025 @10.00am
1000001410	Supply and Delivery of Conductor – Ex-stock	Required, Amounts in the TDS	24.11.2025@10.00am.
1000001411	Supply and Delivery of Conductor- Open to Youth	N/A	25.11.2025@10.00am.
1000001412	Supply and Delivery of Conductor- Open to Women	N/A	25.11.2025@10.00am.
1000001413	Supply and Delivery of Conductor- Open to PWD	N/A	25.11.2025@10.00am.
1000001414	Supply and Delivery of Cross Arms – Ex-stock	Required, Amounts in the TDS	26.11.2025@10.00am.
1000001415	Supply and Delivery of Cross Arms – Open to women	N/A	26.11.2025@10.00am.
1000001416	Supply and Delivery of Overhead Line Fittings –Ex-stock	Required, Amounts in the TDS	26.11.2025@10.00am.
1000001417	Supply and Delivery of Overhead Line Fittings –Open to Youth	N/A	26.11.2025@10.00am.
1000001418	Supply and Delivery of Concrete Stay blocks –Open to manufactures	Required, Amounts in the TDS	26.11.2025@10.00am.
1000001419	Supply and Delivery of Distribution Transformers –Open to manufacturers	Required, Amounts in the TDS	28.11.2025@10.00am.
1000001420	Supply and Delivery of Insulators – Ex-stock	Required, Amounts in the TDS	21.11.2025@10.00am.
1000001421	Supply and Delivery of Insulators – Open to Manufacturers	Required, Amounts in the TDS	21.11.2025@10.00am.
1000001422	Supply and Delivery of Insulators – Open to Youth	N/A	21.11.2025@10.00am.
1000001423	Supply and Delivery of Autorecloser – Open to Women	N/A	26.11.2025@10.00am.
1000001424	Supply and Delivery of Surge, Expulsion fuse element and Cutouts– Open to Women	N/A	26.11.2025@10.00am.
1000001425	Supply and Delivery of Fuse Cutout– Open to Youth	N/A	26.11.2025@10.00am.
1000001426	Supply and Delivery of Concrete Poles fittings – Open to Manufacturers	Required, Amounts in the TDS	25.11.2025@10.00am.
1000001427	Supply and Delivery of Concrete Poles – Open to Manufacturers	Required, Amounts in the TDS	25.11.2025@10.00am.
1000001428	Supply and Delivery of Poles Signs – Open to PWD	N/A	27.11.2025@10.00am.
1000001429	Supply and Delivery of Bolts and Nuts– Open to Youth	N/A	27.11.2025@10.00am.
1000001430	Supply, Installation, Testing, and Commissioning of Solar Mini- grid in Kibuogi Island, Homabay County.	Required, Amounts in the TDS	25.11.2025@10.00am.

1. Tendering will be conducted under open competitive method (National) using a standardized tender document.
2. Tenderers will be allowed to tender for one or more lots.
3. Qualified and interested tenderers may obtain further information and inspect the Tender Documents during office hours 8.00am - 12.45pm to 1.45pm-4.00pm Monday to Friday] at the address given below.
4. A complete set of tender documents may be viewed and downloaded by interested tenderers free of charge electronically from the Website **www.rerec.co.ke** under October, 2025 tender documents, through the e-procurement portal using **https://suppliers.rea.co.ke:44300/irj/portal** and on the Public Procurement Information Portal **https://tenders.go.ke**. The documents will be available to interested bidders starting **30th October, 2025**.
5. Tender documents may be viewed and downloaded for free from the website **www.rerec.co.ke**. Tenderers who download the tender document must forward their particulars immediately to **tenders@rerec.co.ke** to facilitate any further clarification or addendum.
6. Tenders must be accompanied by bank tender security of amount as specified in the TDS or tender securing Declaration Forms as specified in the TDS. Original bid security must be submitted in the tender box before closing date and time indicated in the table above.
7. The Tenderer shall chronologically serialize all pages of the tender documents submitted.
8. Completed tenders must be delivered to the SRM portal; **https://suppliers.rea.co.ke:44300/irj/portal** with scanned documents uploaded to the collaboration folder on or before closing/opening date and time as indicated above. A guide on tender submission labelled (Quick bidding reference) can be found in the REREC website **https://www.rerec.co.ke/Supplier-Bidding-Quick-reference-guide.pdf**
9. Only Electronic Tenders will be permitted.
10. Any addendum to this tender shall be uploaded to the Corporation's website **www.rerec.co.ke** under the specific tender documents.
11. Tenders will be opened immediately after the deadline date and time specified above or any dead line date and time specified later. Tenders will be publicly opened in the presence of the Tenderers' designated representatives who choose to attend at the address below.
12. Late tenders will be rejected.

13. The addresses referred to above are:  
**Address for obtaining further information on tender documents**  
For hand Courier, Original Bid security delivered to the tender Box (Kawi Complex, Block C, Ground floor, Off Popo Road,). Contact Manager, Supply chain management, telephone number: **0709193000** and e-mail address: **tenders@rerec.co.ke**

**Address for Submission of Tenders:** Online only through **https://suppliers.rea.co.ke:44300/irj/portal**

**Address for Opening of Tenders.** Kawi Complex, Block C, Ground floor, Online system

Designation: **Chief Executive Officer**

**A. Address for Submission of Tenders.**

# Lewa wildlife conservancy drives climate-smart agriculture to boost food security

**Lewa Wildlife Conservancy, Chief Programs and Partnership Officer, John Kinoti, addressing journalists during the agricultural field day in Buuri East Sub-County, Meru County. PHOTOS BY DICKSON MWITI**

**BY DICKSON MWITI  
(KNA)**

Lewa Wildlife Conservancy has intensified its efforts to promote sustainable agriculture through a comprehensive Climate-Smart Agriculture (CSA) programme aimed at enhancing resilience and food security.

Located in northern Kenya on the Laikipia Plateau in Meru County, bordering Laikipia and Isiolo counties, the conservancy's programme is designed to equip farmers with practical knowledge and tools to adapt to erratic weather patterns and declining soil productivity.

Speaking during a farmers' field day at Munanda Primary School in Buuri East Sub-County, Meru County, Chief Programmes and Partnerships Officer John Kinoti noted that the initiative goes beyond farming techniques, involving both herders and farmers in knowledge-sharing to ensure food security within conservation areas.

Kinoti emphasized that agribusiness is key to survival given the scarcity of resources such as water, noting

that it generates more income compared to conventional farming methods.

He said Lewa has mobilized more than 8,000 farmers, with tangible results already emerging.

"The adoption of CSA practices has led to increased yields, including the production of approximately 20 tons of onions. The programme also facilitates market linkages and post-harvest handling, ensuring farmers can store and sell their produce effectively," said Kinoti.

He added that through the field days, stakeholders in pesticide production, irrigation systems, and organic farming have been connected directly with local farming groups for future interactions and advice.

"As Lewa Wildlife Conservancy, we are reaffirming our commitment

to community-led development and environmental stewardship, positioning the CSA program as a model for climate adaptation and sustainable agriculture in Kenya," said Kinoti.

Head of Community Development Programmes at the conservancy Lawrence Riungu, emphasized the urgency of the intervention, saying that farmers have long relied on rainfall, but with changing climate conditions, water is becoming scarce and crops are failing.

"We are teaching conservation agriculture techniques such as drip irrigation and soil testing to help them produce more with less," he said.

According to Riungu, the CSA programme promotes a wide range of technologies including soil health management, water harvesting, integrated pest management and the use of certified seeds.

Farmers are also being introduced to renewable energy solutions, such as biogas and solar power, alongside improved fodder varieties including Brachiaria grass, super napier, and Juancao grass.

**We are teaching conservation agriculture techniques such as drip irrigation and soil testing**

## Public universities, NGO roll out green jobs initiative to tackle youth joblessness

BY ARNOLD LINGA MASILA (KNA)

Fifteen public universities have partnered with Jacob's Ladder to launch an ambitious five-year initiative to prepare Kenyan youth for the green economy, making its second stop at Taita Taveta University as part of a nationwide campaign to address the country's deepening youth unemployment crisis.

The Green Careers Caravan, launched through the Vice-Chancellors' Committee and the State Department of Higher Education and Research, aims to directly engage over 150,000 young people across 42 public universities by 2030.

The initiative comes at a critical time when nearly 12 percent of the youthful workforce and more than 31 percent of the 10 million youth in the labour force are either unemployed or under-employed.

Speaking at the event, Sellah Bogonko, Co-Founder and CEO of Jacob's Ladder Africa, emphasized the urgency of converting Africa's demographic potential into tangible outcomes.

"We are witnessing a historic convergence of Africa's demographic dividend and the global green transition. But potential alone is a passive promise. Only when our young people are fully aware of opportunities, educated in relevant skills, empowered through access and networks, ethical in their approach, entrepreneurial

in their mindset and operating within systems that actually work for them, they will transform into the active builders, innovators, and leaders that will turn Africa's promise into the world's best story of transformation," Bogonko said.

The transition to a green economy offers significant hope across Africa, with the shift potentially generating 3.3 million jobs by 2030 in renewable energy, e-mobility, construction, manufacturing, and sustainable agriculture.

The caravan is designed to help students understand and access these emerging opportunities through inspiration sessions, innovation pitches, and debates on critical environmental challenges.

Professor Christine Onyango, Acting Vice Chancellor of Taita Taveta University, highlighted the institution's pioneering role in integrating environmental sustainability with economic opportunity. The university, known as the home of ideas with a niche in mining and engineering, has established the Center of Excellence for Mining Environment and Natural Resource Management under a German-Kenya project funded by DAAD.

"Mining engineering happens in the environment, and when we think about green, we think about the environment," Professor Onyango explained.

She stated how the university has developed programs to address environmental destruction caused by mining, including a Master of Science in Engineering Environmental Reengineering focused on rehabilitating land damaged by

FEATURE STORY: INNOVATION

artisanal miners.

The university has also created innovative sustainability programs including SUMEWA, an initiative that uses solar energy to recycle mining water and make it safe for human consumption, and a biogas system that converts kitchen waste into cooking fuel.

These practical applications of circular economy principles are complemented by academic programs such as an MBA in Natural Resource Management and climate-smart agriculture initiatives.

Noting the university's

comprehensive approach to environmental restoration and sustainable resource management, Professor Onyango emphasized that Taita Taveta's approach extends beyond reforestation stating that, "Planting trees is one thing, but taking back the soil so that you can support plant growth and other activities of human nature is important."

Shedrack Mutungi, County Executive Committee Member for the Department of Youth Affairs, Sports, Gender and Social Services, pledged the county government's full support for the initiative.

He revealed that the county has passed the Poverty Alleviation and Empowerment Act, which will allocate 5 percent of the county's total budget every financial year to youth empow-

erment programs, including green economy initiatives.

"The current government is committed to ensure that the youths are able to get job opportunities and investment opportunities within the county," Mutungi said, urging students to remain patient and entrepreneurial while avoiding get-rich-quick schemes.

The Green Careers Caravan, which began at Kisii University, will extend to thirteen more universities during the first half of 2026 before scaling to all 42 public universities across Kenya over the next five years.

The program then plans to expand to one new African region each year, delivering more than 150 university activations continent-wide.

## Mudavadi leads call for digital shift in Kenya's agriculture sector

BY OPCS

The Government is championing a tech-powered revolution in agriculture—one where data drives decisions and innovation feeds the nation.

Speaking during the fifth National Agribusiness Summit in Nairobi, where he presided over the National Agribusiness Excellence Awards, Prime Cabinet Secretary Musalia Mudavadi emphasized that agriculture must evolve from subsistence to enterprise, driven by digital ecosystems and smart partnerships.

"The future of agriculture is digital, intelligent, and interconnected. We must invest in

systems that make every farmer visible, reachable, and supported," he said.

Mudavadi outlined the Government's efforts—through the Ministry of Agriculture and allied institutions—to develop integrated digital platforms aimed at streamlining service delivery.

These include farmer registration, e-extension services, access to digital inputs, and real-time market intelligence.

He urged counties to align with national systems such as the Kenya Integrated Agricultural Management Information System and the National Farmer Registration System, noting that credible data is essential for

**The Prime CS poses for a photo with the winners of the 2025 excellence awards during the 5th National Agribusiness Summit held at KICC, Nairobi.**

effective planning and equitable resource allocation.

The PCS stressed that agricultural transformation cannot be achieved by government alone. He called on the private sector to lead in investment, processing, and logistics, while encouraging development part-

ners to continue supporting financing, capacity building, and knowledge exchange.

"True change happens at the grassroots. County governments must be empowered to implement locally responsive programmes," he added.

Mudavadi reaffirmed the

Government's commitment to bridging the gap between policy and practice, ensuring that initiatives are aligned, transparent, and results-oriented.

Highlighting the role of innovation hubs and incubators, Mudavadi said youth-led start-ups and agri-tech innovators must be linked to public programmes, financial institutions, and investors ready to scale transformative ideas.

He also decried the export of raw produce only to import processed goods at a premium, calling it a drain on national wealth and a missed opportunity for job creation.

"We are promoting local manufacturing and agro-processing to retain value within our borders. By investing in cottage industries, cold storage, and agro-industrial parks, we are creating sustainable jobs—especially for women and youth," he said.

# Mother of five makes history with successful heart-chest operation at Jaramogi Hospital

JOOTRH's Dr. Robert Sadia (right) chats with 41-year-old Christine Awino Onyango. PHOTO BY CHRIS MAHANDARA

BY CHRIS MAHANDARA  
(KNA)

A mother of five has become the first patient in Western Kenya to undergo a successful cardiothoracic surgery at the Jaramogi Oginga Odinga Teaching and Referral Hospital (JOOTRH), marking a historic milestone in the region's medical advancement. Christine Awino Onyango, a 41-year-old vegetable vendor from Kisumu, underwent an esophagectomy – a complex procedure involving the removal of part of the esophagus to treat Stage II esophageal cancer.

The surgery was conducted by a newly reinstated team of cardiothoracic and vascular surgeons led by Dr. Robert Sadia and Dr. Juma Odoro, who returned to the hospital earlier this month after completing five years of

specialized training. Awino, who is now 12 days post-operation, has made remarkable progress and is set to be discharged.

“God has brought me this far. I just want to thank Dr. Sadia and his team for taking their time with me. I am now feeling much better,” she said from her hospital bed, her voice soft and hopeful.

Her ordeal began with persistent pain when swallowing, followed by vomiting small amounts of food.

After initial treatment at Kisumu County Referral Hospital failed to ease her condition, further tests at JOOTRH revealed she had esophageal cancer.

“I was not afraid,” she said. “Once sickness sets in, one just needs to find a way of getting treatment.”

The successful procedure represents a major breakthrough for the

Lake Region Economic Bloc (LREB), which has long lacked facilities capable of performing such delicate operations.

It also sets the stage for the upcoming launch of JOOTRH's Heart Surgery Unit, expected to serve millions across Western Kenya and beyond.

Dr. Sadia described the surgery as a milestone in improving access to specialized healthcare in Nyanza and Western regions.

“An esophagectomy offers the best chance of controlling esophageal cancer and prolonging life. This success shows that patients in this region no longer have to travel to Nairobi or Eldoret for such advanced procedures,” he said.

Esophageal cancer remains one of Kenya's deadliest diseases.

According to the Kenya National Cancer Registry, more than

2,000 new cases are diagnosed annually, with the country ranked among the top five globally in prevalence. The disease is especially common in the western and rift valley regions, where diets high in fermented foods and delayed diagnosis contributes to its high burden.

Until now, patients requiring esophagectomy had to seek treatment at Kenyatta National Hospital (Nairobi), Moi Teaching and Referral Hospital (Eldoret), or occasionally travel abroad—journeys that are both financially and emotionally draining for most families.

The introduction of cardiothoracic surgery at JOOTRH, therefore, offers hope for thousands who previously faced long waits and high costs.

The hospital's oncology department notes that esophageal cancer is the second most common cancer treated at JOOTRH.

## AFA wins Africa's top digital transformation award in S.A

BY CHRISTINE CHERYL  
(MYGOV)

The Agriculture and Food Authority (AFA) has won the prestigious Digital Transformative Initiative of the Year 2025 award at the 6th Africa Public Sector Conference and Awards held in Cape Town, South Africa, firmly placing Kenya on the continental innovation map. At the heart of this

recognition is AFA's groundbreaking Integrated Management Information System (IMIS), a digital platform that is transforming agricultural regulation, trade facilitation, and service delivery across the country.

In a press statement seen by MyGov Newspaper, AFA launched IMIS in 2018 to digitize its core operations—ushering in a new era of efficiency, transpar-

ency, and stakeholder inclusion.

AFA Director General Dr Bruno Linyiru alluded that the system integrates trade permit applications, compliance checks, and approvals into a single digital interface accessible nationwide.

“Before IMIS, agricultural trade permits were bogged down by manual paperwork, long queues,” said Dr Linyiru.

### KDEAP KENYA DIGITAL ECONOMY ACCELERATION PROJECT

THE INFORMATION AND COMMUNICATIONS TECHNOLOGY AUTHORITY

**Kenya Digital Economy Acceleration Project (KDEAP)**  
**ICTA-Program Implementation Unit**

**REQUEST FOR EXPRESSION OF INTEREST**  
**(Consulting Services – Firms Selection)**

Country:	Kenya
Name of Project:	Kenya Digital Economy Acceleration Project (KDEAP)
Project No.:	P170941
Credit No:	7289-KE & 7290-KE
Assignment Title:	PROVISION OF TECHNICAL SERVICES FOR ASSESSING THE STATUS AND DEVELOPING A BLUEPRINT FOR REENGINEERING THE E-CITIZEN PLATFORM
Contract No.:	KE-ICTA-500341-CS-QCBS

- The Government of Kenya has received financing from the World Bank towards the cost of the Kenya Digital Economy Acceleration Project (KDEAP) and intends to apply part of the proceeds for consulting services.
- The consulting services (“the Services”) include Provision of Technical Services for Assessing the Status and Developing a Blueprint for Reengineering The E-Citizen Platform. The assignment is expected to take Nine (9) calendar months from the date of contract commencement.
- The detailed Terms of Reference (TOR) for the assignment can be found at the following website: [www.icta.go.ke](http://www.icta.go.ke) and [www.tenders.go.ke/tenders](http://www.tenders.go.ke/tenders) or can be obtained at the address given below.
- The Information and Communications Technology Authority through the Program Implementation Unit (PIU) now invites eligible consulting firms (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The shortlisting criteria are:
  - Core business and years in business:** The firm must be registered/incorporated as a consulting firm with core business in the field of Systems Development, Implementation, and Business Process Re-engineering or related field for a minimum of fifteen (15) years.
  - Relevant experience:** The firm shall demonstrate as having successfully executed and completed at least two (2) assignments of a similar nature both in scope and complexity in a similar operating environment in the last four (15) years. Details of these assignments, including client names and addresses, scope, contract value, contract duration and year/period of assignment, must be provided.
  - Technical and managerial capability of the consulting firm:** The firm shall demonstrate as having the requisite technical capacity and managerial capacity to undertake the assignment in the submitted company profile(s).

**Key Experts will not be evaluated at the shortlisting stage.**

- The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's “Procurement Regulations for IPF Borrowers” First Published July 2016 and Revised Fifth Edition September 2023 (“Procurement Regulations”), setting forth the World Bank's policy on conflict of interest.
- Consultants may associate with other firms to enhance their qualifications but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected.
- A Consulting firm will be selected in accordance with the Quality and Cost Based Selection (QCBS) method set out in the Procurement Regulations.
- Further information can be obtained at the address below during the following office hours 0900 and 1600 hours from Monday to Friday excluding lunch hour (1300 to 1400hours) East African Time (EAT) and public holidays.
- Expression of interest must be delivered in written form by **12<sup>th</sup> November 2025 at 1000hours EAT** - using one of the following modalities: (i) deposit in the tender box located on 12<sup>th</sup> Floor, Telposta Towers, Kenyatta Avenue in Nairobi, Kenya or (ii) send by email to: [procurement@ict.go.ke](mailto:procurement@ict.go.ke) and quote the Assignment title and Contract No. in the subject row. For expressions of interest that will be deposited at the tender box, the packages should be clearly marked **Provision Of Technical Services for Assessing the Status and Developing a Blueprint for Reengineering The E-Citizen Platform; Contract No. KE-ICTA-500341-CS-QCBS**

**Address:**  
**Chief Executive Officer,**  
**The Information and Communications Technology Authority,**  
**P.O Box 27150, Kenyatta Avenue**  
**00100, Nairobi, Kenya.**  
**Tel.: (+254) 20 667 6999**  
**E-mail: [info@ict.go.ke](mailto:info@ict.go.ke) / [procurement@ict.go.ke](mailto:procurement@ict.go.ke)**  
**Attn: Deputy Director, Supply Chain Management**

# KARO pushes for affordable health insurance and better benefits for retirees

BY CHESHARI HILDA  
(MYGOV)

The Kenya Association of Retired Officers (KARO) has ramped up its advocacy for better healthcare coverage and improved welfare for retired public servants.

KARO Nairobi Branch Chairman, Mr. Ahmed Hussein, highlighted the association's ongoing efforts to ensure retirees are adequately supported in their post-service years.

Hussein pointed out that while the current medical cover for KARO members is provided through Kenbright Brokers with AAR Insurance managing the 2024/2025 plan, there are still significant gaps in the healthcare coverage for retirees.

AAR Insurance is also expected to continue providing coverage through the 2025/2026 period. However, Hussein expressed concern over the lack of comprehensive medical benefits, particularly for retirees facing high medical costs.

The Chairman also emphasized the vital role of the Social Health Authority (SHA) in supporting the elderly.

Representatives from SHA were present at the event to explain the authority's benefits, registration process, and available services. KARO operations are funded

From Left: Kinuthia Wamwangi, Ambassador for Older Persons in Africa with KARO Chairman Mr. Ahmed Hussein.

through member subscriptions, which help the organization advocate for better retiree benefits.

Hussein referenced key constitutional provisions, including Article 43(1), which guarantees social protection rights, and Article 57, which calls for the government to protect the welfare of the elderly.

He noted that the government has not adequately addressed the healthcare needs of retirees, leaving them vulnerable to steep medical costs despite these protections.

Despite ongoing negotiations, KARO's attempts to secure comprehensive medical cover through the National Health Insurance Fund (NHIF) have been hindered by recent health legislation.

Retirees are further marginalized by the exclusion of chronic pre-existing conditions in private insurance policies, leaving them without sufficient coverage.

Hussein also highlighted the alarming financial insecurity faced by many retirees, noting that over 25 per cent of public service retirees earn less than Sh4,000 per month – well below the national poverty line. He called on the government to expedite the creation of a Post-Retirement Medical Cover policy to allow retirees to afford medical

insurance premiums.

The Chairman also urged the government to align Kenya's policies with

international standards, including the Sustainable Development Goals (SDGs) and the International Labour Organization (ILO), to prevent retirees from falling into poverty due to inadequate pensions and healthcare.

He expressed optimism about the development of the Emeritus Programme/Policy, which aims to leverage the skills and expertise of retired public servants for the benefit of the nation.

Through these ongoing efforts, KARO seeks to secure the rights and enhance the quality of life for Kenya's retired public officers.

In a keynote address by Kinuthia Wamwangi, EBS, Ambassador for Older Persons in Africa, called

on Kenya to place greater emphasis on the dignity, rights, and well-being of its aging population.

The Ambassador also stressed the importance of healthcare for retirees, urging both the government and families to focus on ensuring that older persons have access to quality healthcare, nutrition, and mental wellness.

"Retirement must go hand in hand with health," he noted, advocating for environments where elderly citizens can thrive, not merely survive.

Wamwangi acknowledged the challenges older people face as family businesses transition between generations calling for the preservation of these businesses.

REPUBLIC OF KENYA

## INVITATION TO TENDER

Kenya Power invites tenders from interested bidders for provision of the following:-

NO.	TENDER NO.	ITEM DESCRIPTION	TENDER COMMENCEMENT DATE	PRE-BID MEETING DATE	TENDER CLOSING DATE
1.	KP1/9A.2/OT/001/PJT/25-26	Provision of Labour & Transport Construction Services	Wednesday 29.10.2025	Tuesday 04.11.2025 at 10.00 a.m. (Stima Club, Ruaraka)	Tuesday 18.11.2025 at 10.00 a.m.
2.	KP1/9A.2/OT/002/PJT/25-26	Provision of Labour & Transport – Vegetation Management Services for Youth, Women and Persons with Disabilities (YWPWD)	Wednesday 29.10.2025	Wednesday 05.11.2025 at 10.00 a.m. (Stima Club, Ruaraka)	Wednesday 19.11.2025 at 10.00 a.m.
3.	KP1/9A.2/OT/003/NM/25-26	Provision of Roads/ Pavement Opening/ Cutting, Ducting and Reinstatement Services	Wednesday 29.10.2025	Tuesday 04.11.2025 at 10.00 a.m. (Stima Club, Ruaraka)	Thursday 20.11.2025 at 10.00 a.m.
4.	KP1/9A.2/OT/005/ICT/25-26	Procurement of Fiber Optic Cable Network Reinforcement with OPGW	Friday 31.10.2025	Friday 07.11.2025 at 10.00 a.m. (Stima Plaza, Auditorium)	Friday 14.11.2025 at 10.00 a.m.
5.	KP1/9A.2/OT/004/ICT/25-26	Procurement of Fiber Optic Cable Installation Fittings	Thursday 30.10.2025	N/A	Thursday 13.11.2025 at 10.00 a.m.
6.	KP1/9A.3/OT/05/25-26	Supply of 33KV Tension & Composite Insulators (Local Manufacturers)	Thursday 30.10.2025	N/A	Tuesday 27.11.2025 at 10.00 a.m.
7.	KP1/9A.3/OT/07/25-26	Supply of Current Transformers and Isolators	Thursday 30.10.2025	N/A	Thursday 20.11.2025 at 10.00 a.m.
8.	KP1/9A.3/OT/01/25-26	Supply of Transformer Repair Materials	Thursday 30.10.2025	N/A	Thursday 04.12.2025 at 10.00 a.m.
9.	KP1/9A.3/OT/03/25-26	Procurement of Test Kits for Corroded Anchor Rods and Transmission Equipment	Thursday 30.10.2025	N/A	Tuesday 25.11.2025 at 10.00 a.m.

Tender documents detailing the requirements of the above tenders may be obtained from the Kenya Power website ([www.kplc.co.ke](http://www.kplc.co.ke)) from the dates shown above.

## EMPLOYMENT OPPORTUNITY

Kenya National Library Service (Knls) Board is a statutory body of the Government of Kenya established by an Act of Parliament, Cap 225, 1965 of the Laws of Kenya. In order to realize its mandate knls Board seeks to recruit a suitable and qualified Kenyan citizen to fill the following position:

POSITION	REFERENCE	Job Grade	Posts
Deputy Director, Finance and Accounts	KNLS/HRD/DDFA/11/2025	Knls Job Grade 3	1 Post

For more details on salary scale, requirements for appointment, duties and responsibilities visit our website: [www.knls.ac.ke](http://www.knls.ac.ke)

Interested candidates are required to submit an application letter, updated detailed CV, all academic and professional qualifications by **Friday 28<sup>th</sup> November, 2025 to:**

The Director General,  
Kenya National Library Service  
P.O.BOX 30573-00100,  
NAIROBI

Or

Hand delivered to Kenya National Library Service (Knls) Maktaba Kuu Building along Ngong Road, Director General's Office.

### Please note

- Knls is an equal opportunity employer committed to diversity and gender equality within the organization.
- Persons with disability, women and those from marginalized regions are encouraged to apply.
- Only shortlisted candidates will be contacted.

Experts call for stronger collaboration to fill gaps in climate and health

**BY MARY NDANU (KNA)**

Experts have underscored the need for stronger research collaborations, increased investment, and data-driven policies to tackle the growing health challenges of climate change across Africa.

Speaking during a high-level panel on closing research and evidence gaps between climate and health, Dr. Pushpam Kumar, Chief Environmental Economist and Senior Economic Advisor at the United Nations Environment Programme (UNEP), emphasized that sound evidence remains the foundation for effective decision-making in climate and health policy.

“When health tries to position itself within global climate negotiations, the first question always is, ‘where is the evidence?’” posed Dr. Kumar, stressing that without localized data, Africa risks being sidelined in the global climate discourse.

He also added that credible evidence is essential for planning resilient health systems, guiding investments, and ensuring communities are better prepared for climate related health risks.

Further, Dr. Kumar also highlighted the Advancing Research on Climate Change and Health (ARCH) initiative, funded by the FCDO (Foreign and Commonwealth Development Office) and IDRC (International Development Research Centre), which is strengthening systems for continuous evidence generation.

According to the Chief Environmental Economist, the initiative operates through five global research hubs, including two in Africa, to mentor early-career scientists, expand networks, and promote gender responsive research at the primary health care level.

Making her remarks, Dr. Elisabeth Kimani-Murage, from the African Population and Health Research Center (APHRC), presented the concept of the Eastern Africa Climate and Health Science Policy and Innovation Center (EAT SPICE), an initiative aimed at addressing evidence fragmentation and policy integration in the region.

Though still a concept, EAT SPICE envisions a locally led, transdisciplinary hub that unites research, policy, and community voices to advance climate and health solutions.

“We have many climate policies, but health co-benefits are often missing,” implored Dr. Kimani-Murage assuring that EAT SPICE will bring together data, evidence, and partnerships to ensure equity, justice, and African leadership in research.

She outlined three strategic pillars for the center including high-quality collaborative research that integrates local and indigenous knowledge; policy influence and advocacy to ensure evidence informs practice; and capacity strengthening anchored in diversity, inclusion, and climate justice.

Representing the Lancet Countdown Africa Regional Centre, Dr. Tafadzwa Mabhau-dhi also explained that the initiative, as part of the global Lancet Countdown network, tracks and reports on the health impacts of climate change from over 200 experts worldwide.

Dr. Mabhau-dhi disclosed that the Africa regional hub was launched to contextualize global data and ensure that the continent’s unique realities inform global indicators and policies.

“Our mandate is not research, but evidence synthesis, policy translation, and advocacy,” he highlighted. “We need to move beyond data collection to wisdom — applying knowledge to influence policy and practice”.

He added that closing Africa’s capacity gap remains key, arguing that real progress depends

on building a generation of professionals who can interpret evidence, question decisions, and shape policies at the intersection of climate and health.

At the same time, the session also featured a presentation on the Sub-Saharan Atmospheric Monitoring Service for Africa (SAMSA) by Dr. Bas

Henzing, Head of Climate and Air Quality at the Netherlands Organisation for Applied Scientific Research who explained that SAMSA aims to connect health outcomes with air quality and climate data to better understand and manage the growing urban health crisis across African cities.

He lamented that urbanization and rising pollution levels are worsening public health, yet data linking climate variables and health outcomes remains limited.

SAMSA, according to Dr. Henzing, seeks to bridge this gap by integrating real time data from multiple sources, including satellite observations, sensors, and

local monitoring systems across national and sub-national levels.

“The challenge is to close the gap between policy-makers, scientists, and community workers. We must link climate and air quality data with health indicators to guide interventions and support decision-making,” he urged.

## MINISTRY OF WATER, SANITATION & IRRIGATION

### CENTRAL RIFT VALLEY WATER WORKS DEVELOPMENT AGENCY

(on behalf of LAKE VICTORIA SOUTH WATER WORKS DEVELOPMENT AGENCY)

#### SPECIFIC PROCUREMENT NOTICE (SPN)

##### Invitation for Bids

PROGRAMME:	KENYA TOWNS SUSTAINABLE WATER SUPPLY AND SANITATION PROGRAM (KTSWSSP)	
Intake Improvement Works for Migori & Isebania Towns Water Supply System and Ugunja Last Mile Connectivity Project		
Date:	28th October 2025	
Loan No.:	200200000501	
IFB No.:	CRVWWDA/LVS/AFDB/KTSWSSP/W/LMC/NIW/ MIG-ISEB & UGUNJA/2025-2026	

1.

This Invitation for Bids follows the General Procurement Notice (GPN) for this project that appeared in UN Development Business Online on 31<sup>st</sup> March 2017.

2.

The Government of Kenya has received Financing from the African Development Bank in various currencies towards financing the Kenya Towns Sustainable Water Supply and Sanitation Program. It is intended that part of the proceeds of this loan will be applied to eligible payments under the contract for “Intake Improvement Works for Migori & Isebania Towns Water Supply System and Ugunja Last Mile Connectivity Project.”

3.

Central Rift Valley Water Works Development Agency (CRVWWDA) on behalf of Lake Victoria South Water Works Development Agency (LVSWWDA) now invites sealed bids from eligible bidders for execution of the above project.

4.

The scope of works includes but not limited to the following under one contract:

**Migori-Isebania Intake Works**

- Sorore Intake Weir Construction: Construct an 8-meter-long intake weir across the Hibwa River, ensuring proper foundation and structural integrity to withstand flow conditions.
- Sorore Pre Sedimentation Tank Construction: Construct a 15m x 2.5m x 2.5m deep sedimentation tank adjacent to the intake weir.
- Sorore Raw Water Main: Procure, supply, and lay a 3.3 km long DN 450mm PN 10 HDPE pipe Gravity Raw Water Main.
- Oyani Intake Retaining Wall Construction: Construct a 240-meter-long retaining wall along the upstream and downstream embankments of the Oyani Intake weir, as per design drawings.
- Oyani Treatment Works Modifications: Modify the flocculation channels and sedimentation tank at the Otani Treatment Works to accommodate a sedimentation tank desludging system.
- Oyani Raw Water main: Procure, Supply, and Install Raw Water Main: Procure, supply, and install a 460-meter-long DN 630mm PN 10 HDPE pipe Gravity Raw Water Main
- Migori Treatment Works Installation: Supply and install a 15-meter-high, 150m<sup>3</sup> steel overhead backwash tank at the Migori Treatment Works site. Include necessary piping, access platforms, and safety features.

**Ugunja Segu Ukwala Last Mile Connectivity Works**

- Procure, Supply, Install and Test run 80 Km of distributions lines in Ugunja, Segu and Ukwala Towns as detained in the table below and annex drawings

Material	Outer Diameter (mm)	Length (m)
HDPE PN 10	50.00	35,000.00
HDPE PN 10	63.00	14,000.00
HDPE PN 10	75.00	15,000.00
HDPE PN 10	90.00	24,000.00
HDPE PN 10	110.00	500.00
Total		88,500.00

- Procure, supply and install consumer 1200 No. connection kit comprising of approved smart enable consumer meters, saddle clamp, steel

standpipe with tap and 200m long DN 20mm lateral pipe complete with 1.2m DN 20mm PPR pipe, lockable masonry meter chamber and all necessary fitting for metered connection.

- Procure, supply and install institutional consumer 50 No. connection kit comprising of approved consumer meters, saddle clamp, steel standpipe with tap and 200m long DN 25mm lateral pipe complete with 1.2m DN 25mm PPR pipe, lockable masonry meter chamber and all necessary fitting for metered connection.
- Procure, supply and Install Smart Zonal metering system covering the three zones of Ugunja, Ukwala and Segu.
- Undertake pending works at the Treatment Work Site as described in the bidding documents.

5.

Interested eligible bidders may obtain further information from and inspect the bidding documents at the office of the Manager, Supply Chain Management, Maji Plaza, Prisons Road, Off Nakuru - Eldama Ravine Highway, and P.O. Box 2451-20100 Nakuru, Kenya at the office hours from 08:00am to 04:00pm (East African Time) on weekdays (Monday to Friday).

6.

A Complete set of bidding documents in soft copy (CD) may be purchased by interested bidders on the submission of a written application to the above and upon payment of a non-refundable fee of KES 1,000.00 (Kenya Shillings One Thousand Only).

7.

The provisions in the Instructions to Bidders and in the General Conditions of Contract are the provisions of the African Development Bank Standard Bidding Document: Procurement of Works and governed by Procurement Policy For Bank Group Funded Operations of October, 2015.

8.

Bidders are invited for a Pre-bid meeting to be held at Migori Scheme Office, Boardroom on 11th November 2025 starting at 10:00am (East African time) followed by a site meeting the same day as from 11:00 a.m at the Proposed Project sites for Intakes Improvement for both Migori and Isebania Schemes and a further Pre-Bid Meeting shall be held on 12<sup>th</sup> November 2025 starting 10:00am at Ugunja Scheme Office and Subsequent Site Visits to the Proposed Ugunja Segu Ukwala Last Mile Connectivity Sites.

9.

Bids must be delivered to the above office on or before 12.00pm (East African time) on 12<sup>th</sup> December 2025 and **must** be accompanied by a bid security of KES 2,000,000.00 (Kenya Shillings Two Million Only) or equivalent amount in a freely convertible currency and with a bid validity period of 120 days from bid submission date.

10.

Bids will be opened in the presence of bidders’ representatives who choose to attend at 12.05pm East African Time on **12<sup>th</sup> December 2025** at the offices of;

**Chief Executive Officer**

# Senate calls for increased access to early childhood and vocational education in Kenya

BY ISAIHAH NAYIKA  
(KNA)

The Senate Committee on Education has emphasized its commitment to strengthening Early Childhood Development Education (ECDE) and Vocational Training Centres (VTCs) across the country.

Speaking in Trans Nzoia County during an oversight visit focused on human resource management, the Committee, led by Senator Betty Montet and Vice Chair Prof. Margaret Kamar, said this initiative will promote holistic development and equip the next generation with relevant skills.

The Committee highlighted the need for counties to prioritize increasing the number of ECDE centres and VTCs to ensure more beneficiaries are reached.

"If our youth are not trained, we will continue to see a growing number of unskilled young people. Those who drop out after primary or secondary school must have an opportunity to gain practical skills," said Prof. Kamar.

Highlighting the importance of skill-based

education, Senator Kamar expressed concern that the transition rate from secondary schools to universities in some counties remains low. In Trans Nzoia County, for instance, the transition rate stands at just 20 percent.

Saying that education is an equalisation factor, Kamar urged parents and guardians to support their children to enroll for technical training as it provides a reliable path to employment and entrepreneurship.

"Every child deserves a chance to learn a skill. Whether they proceed to university or not, VTC's offer them a sense of direction and dignity," she said pointing out the need to also invest heavily in early childhood education. "ECDE should be taken seriously because this is when a child's potential begins to show. It is at this stage that we can tell which direction their talents and abilities are likely to take," she added.

Applauding Trans Nzoia County for the remarkable strides achieved in improving ECDE and VTCs, the Committee picked out a move by the county to

absorb ECDE teachers on Permanent and Pensionable terms describing it as a game changer in the sector as it comes with a bundle of motivation.

"Trans Nzoia has set a commendable example by recognising the importance of early learning. When teachers are well motivated, they give their best to the young ones," said the Committee Chair.

The Committee was also impressed with the significant emergency of more ECDE centres in Trans Nzoia County between the year 2022 and 2025.

The said period coinciding with the era of Governor George Nitembeya, has seen ECDE centres rise to 143, nearly doubling the number since the inception of devolution. The Governor who was present assured the Senate team that his administration remains committed to strengthening the county's education sector, revealing that starting 2025-2026 Financial Year, tuition in VTC's will be free. Other members of the Committee who were present were Laikipia Senator John Kinyua and Taita Taveta.

## Three counties ink deal to turn waste into source of revenue

BY DICKSON MWITI AND  
CHRISTINE NGITORI  
(KNA)

The County Governments of Meru, Embu, and Tharaka Nithi have signed a Memorandum of Understanding (MoU) to develop a joint approach to waste management, including the establishment of a plant that will convert waste into a source of revenue.

Speaking at Kathwana Headquarters, where the signing took place, host Governor Muthomi Njuki said the three counties had agreed to collaborate in finding common solutions to shared waste management challenges.

"We are stronger together than as individuals. Our counties generate about 1,350 tons of waste daily, 57 percent of which is organic. We must rethink

how to turn this waste into useful products that benefit our people," said Njuki.

He added that the partnership would not only improve environmental management but also create employment opportunities, especially for the youth, through the collection, processing, and production of organic fertilizer from waste.

"We import a lot of fertiliser as a country, yet most of our waste is organic. By turning waste into agricultural inputs, we will promote food security, create jobs, and enhance useful production," he added.

The MoU establishes a Special Purpose Vehicle (SPV) that will allow the counties to engage an international investor, the Josping Group from Ghana, which has a proven track record in modern waste management.

The SPV will coordinate implementation and attract more partners to scale up the initiative across the region.

Embu Governor Cecily Mbarire hailed the collaboration, saying it reflected a shared commitment by the three county governments to think beyond boundaries and find regional solutions.

"We have come together with a common development agenda. The issue of waste management is not simple, but by working together, we can turn challenges into opportunities and ensure every county wins," said Mbarire. Meru Governor Isaac Mutuma said the partnership marks the beginning of a long-term regional transformation agenda that aligns with the national Bottom-Up Economic Transformation Agenda (BETA).

REPUBLIC OF KENYA

Kenya National  
Highways Authority  
Quality Highways, Better Connections

### TENDER NOTICE

The Kenya National Highways Authority (KeNHA) is a State Corporation established under the Kenya Roads Act, 2007 with the responsibility for Management, Development, Rehabilitation and Maintenance of National Roads.

The Authority hereby invites bids from eligible contractors for the following tenders to be funded through the Development Vote. There shall be mandatory pre-tender site visits as specified in the table below and the detailed tender notice uploaded onto the KeNHA website.

No.	Tender No.	Tender Description	Mandatory Pre - Tender Site Visit Venue/date	Tender Closing Opening Date/Time/Venue
1.	KeNHA/2913/2025	Upgrading to Bitumen Standard of Rumuruti - Mutara - Nanyuki: Section 1 Rumuruti-Mutara Road	Thursday 6 <sup>th</sup> November 2025, at 2:00pm at Rumuruti Town, JN A4/B152 Road	Thursday 27 <sup>th</sup> November, 2025 at 11:00 AM
2.	KeNHA/2914/2025	Upgrading to Bitumen Standard of Rumuruti - Mutara - Nanyuki: Section 3 Nanyuki - Naibor Road	Thursday 6 <sup>th</sup> November 2025, at 9:00 am at JN A2/B22 Nanyuki, near Total Petrol Station	Kenya National Highways Authority Headquarters, Barabara Plaza, Jomo Kenyatta International Airport (JKIA), Nairobi, Off Mazao Road, Block C - 2nd Floor Board Room
3.	KeNHA/2915/2025	Upgrading to bitumen standard of Masara-Muhuru Bay (B1) Road	Friday 7 <sup>th</sup> November 2025, at 10:00 a.m at Masara Primary School JN, off Masara town, along Masara - Muhuru Bay Road B1 Road	

A complete set of tender documents may be obtained by interested tenderers from the Kenya National Highways Authority website: [www.kenha.co.ke](http://www.kenha.co.ke) or Public Procurement Information Portal (PPIP): [www.tenders.go.ke](http://www.tenders.go.ke) free of charge or from the KeNHA Offices, Supply Chain Management Department during normal working hours upon payment of non-refundable fee of Kshs. 1,000.00 (One thousand shillings only) in form of a banker's cheque payable to Kenya National Highways Authority.

All interested bidders are required to continually check the Kenya National Highways Authority website: [www.kenha.co.ke](http://www.kenha.co.ke) or Public Procurement Information Portal (PPIP): [www.tenders.go.ke](http://www.tenders.go.ke) for any tender addenda or clarifications that may arise before the submission date.

Deputy Director, Supply Chain Management  
For: DIRECTOR GENERAL

# Koskei reaffirms state’s commitment to equitable development across Kenya

BY SALOME ALWANDA/RODGERS OMONDI

The Head of Public Service and Chief of Staff, Felix Koskei, has reaffirmed the government’s commitment to ensuring equitable development across all regions of the country. Speaking at Lupida Primary School in Nambale Sub-County, Koskei urged Kenyans to support the government and its development projects, which aim to transform the nation.

“The government is committed to ensuring that every part of this country receives its share of development. Kenya is one country, all citizens are equal, and the nation should progress together. Let us work with and support the government through our leaders so we can move forward as one. We need to engage in a politics of development, so that everyone can benefit and contribute to constructive change in our country,” he asserted.

Koskei added that the government is working to ensure all Kenyans are included in national development initiatives, regardless of their socio-political status. He cited the Women Enterprise Fund, Youth Fund,

affordable fertilizer programs, and the NYOTA project as initiatives aimed at improving the economic status of every Kenyan.

During the occasion, the head of public service challenged all Kenyans to be planting trees equivalent to their age every rainy season so as to help the government attain the target of planting 15 billion trees by 2032.

“We have planted a total of 30,000 today and in this county, a total of 340,000 trees have been planted. This is a good initiative towards the initiative of planting 15 billion trees by 2032. Let us plant trees every time because trees give us a healthy

environment, rain and even business. If you are 50 years, make sure every rainy season you plant 50 trees and this will change the environment of our country,” he explained

The Principal Secretary for Economic Planning, Boniface Makokha, said his department will be launching the forums for discussion on economy and planning matters.

“We are planning to train community champions, chiefs and village elders to collect data so that when we are doing a project at a certain place, we can just click and know the progress of the project. We are also going to launch Gumzo la

1. **Head of Public Service and Chief of Staff, Felix Koskei, plants a tree seedling at Lupida primary school where he presided over the handing over of two school buses to Lupida secondary and Siera secondary school in Nambale Sub County.**
2. **Head of Public Service and Chief of Staff, Felix Koskei, addressing a section of residents of Busia County at Lupida Primary school on Wednesday. He rallied the residents to support the government of the day in order to benefit from more development projects**

Uchumi Mashinani so that we can have a national public dialogue to shape up bottom-up planning. We are also reviewing vision 2030 to draw the lessons that will inform our 2055 or 2063 Kenya long vision,” he said

Makokha added that the government has also launched the

national training program for county training officers to align County plans with national development blueprint. We are also training NGAO officers on a program called Emerging Paradigm in Data Ecosystem on grass root leaders to ensure every village contributes data and evidence to guide national decisions.

The Principal Secretary for State Department of Micro Small and Medium Enterprises (MSME), Susan Mang’eni, urged the youth to embrace the NYOTA program so that they can get capital to start business and create their own employment.

“We want to tackle the issue of unemployment and NYOTA program is one of the initiatives to address the same. This calls for the support from other leaders to ensure after these youths have been empowered with funds to start business; the environment is made conducive for them to do their businesses,” she said.

Mang’eni pointed out that the hustler fund repayment rate in Busia County stands at 80 % calling for defaulters to clear their debts.

“In Busia County we have disbursed close to Sh980 million through hustler funds. My call to all who took the funds is to ensure they pay back so as to improve their limit and give opportunity to others to benefit from the fund. The county repayment rate is 80% but we are working to see how the remaining 20% is achieved” she said.

## Public Notice

### Tax Compliance Certificate (TCC) Enhancements

Kenya Revenue Authority (KRA) notifies the public that it has enhanced the Tax Compliance Certificate (TCC) application process to include compliance with eTIMS/TIMS for non individual entities and individuals with income other than employment income.

Taxpayers seeking a TCC must:

1. Be compliant with eTIMS/TIMS registration for persons in business.
2. File tax returns on or before the due date for all applicable tax obligations.
3. Make payment of tax on or before the due date.
4. Settle all outstanding tax liability and or apply for a payment plan which upon approval, enables the taxpayer to continue with the self-service process of TCC application.
5. Be VAT compliant (including VAT Special Table status).

Taxpayers can apply for a TCC through the iTax platform. They can check validity of a TCC using the Certificate Checker on <https://itax.kra.go.ke/KRA-Portal/>

KRA remains committed to facilitating tax compliance through stakeholder engagements, taxpayer education, and simplified solutions tailored to diverse taxpayer needs. Any challenges encountered during implementation will be addressed on a case-by-case basis, in line with the existing legal framework.

We take this opportunity to thank all compliant taxpayers for their continued cooperation.

For clarification, call the Contact Centre on Tel: 020 4 999 999, 0711 099 999 or Email: [callcentre@kra.go.ke](mailto:callcentre@kra.go.ke) or visit the nearest Tax Service Office or Huduma Centre.

## THE NATIONAL TREASURY AND ECONOMIC PLANNING

### PUBLIC NOTICE

#### COMMENTS ON THE DRAFT KENYA SOVEREIGN WEALTH FUND BILL, 2025

The National Treasury in consultation with other stakeholders has developed a draft Kenya Sovereign Wealth Fund Bill, 2025. The Bill provides a legal framework for management of natural resource revenues in the country.

In ensuring openness and accountability in public financial matters and in compliance with Article 201(a) and 232(1)(d) of the Constitution, the National

Treasury hereby invites members of the public, the National Government, the County Governments, Non-Governmental Organizations, civil societies, Professional bodies, private sector players, religious groups, and other stakeholders to make submissions on the draft Kenya Sovereign Wealth Fund Bill, 2025. These submissions will facilitate finalisations of the Bill.

Please do not be left out in the development of this important Bill for our country.

The draft Bill is available at the National Treasury website: [www.treasury.go.ke](http://www.treasury.go.ke).

Please share your comments through the email address: [submissions@treasury.go.ke](mailto:submissions@treasury.go.ke) or send hard copies addressed to the undersigned not later than **Friday, 7<sup>th</sup> November, 2025**.

# Delivery of Government projects and the role of the citizenry

BY ELIUD OWALO, FIHRM, FESK, E.G.H.

Delivery of goods and services to the people of Kenya is the heartbeat of public service. It is the link between promises made by the government and lives changed on the ground. In Kenya today, that link must be tested in the lived reality of citizens, on the roads they use, in the hospitals they visit, in the time it takes for a public project or programme to move from paper to presence to impact.

For this to happen, the government works to ensure that what is planned is actually implemented, and that what is done makes a difference. In recent months, the Office of the Deputy Chief of Staff, Delivery and Government Efficiency, through the Government Delivery Unit (GDU), has led targeted project inspections across counties, documenting progress, uncovering areas where delivery has stagnated and trouble-shooting to resolve challenges in the implementation process.

In several counties, there were various stalled projects caused by a range of issues, including contractors facing capacity challenges, challenges in the tender process, or delays in mo-

bilization of equipment and labour for works. To address this, the Office of the Deputy Chief of Staff, Delivery and Government Efficiency has been at the forefront, urging implementing government agencies to improve contractor evaluation frameworks and discourage repeated non-performance amongst contractors. This is aimed at improving project management and delivering quality outcomes for all Kenyans.

Previously stalled projects which the Office of the Deputy Chief of Staff, Delivery and Government Efficiency has assisted in trouble-shooting include the Loitoktok tomato agro-processing factory construction of the Gilgil market and other infrastructure projects within Nakuru county and construction of a Science Complex and dormitories at the Nairobi School. The trouble-shooting process brings together a multitude of key stakeholders involved in the project and is aimed at ensuring that the projects are implemented as planned and are completed on time.

In the case of the Mamboleo-Miwani-Chemelil-Muhoroni-Kipsitet corridor, the 122-kilometre stretch is a key transport link for Kisumu county and the surrounding sugar belt. The project has been

revived in line with the Government's Bottom-Up Economic Transformation Agenda (BETA), which prioritizes the maintenance and

expansion of critical transport corridors to support trade and service delivery. Renewed progress on the project has brought relief to local communities and helped restore economic activity in the region.

The GDU's verification of progress in implementation of projects and programmes is critical in ensuring that they are on track to meeting their objectives and goals. Project progress reports, however critical and no matter how convincing, must be backed by reality on the ground. This is the reason teams are dispatched to project and programmes implementation sites in order to confirm progress. Are the structures up? Are traders preparing to move in? Are timelines being met?

Are key stakeholders part of the implementation process? What do the locals think about the project or programme? All these and many more checklists assist in accurately capturing progress and identifying core implementation bottlenecks.

However, citizens are essential partners and stakeholders in the Government's mission to monitor projects and programmes. During recent inspection tours, members of the public stepped forward to share insights that helped expose gaps and highlight areas needing urgent attention. In some instances, members of the public, long seen merely as passive observers of the implementation process, have pointed out key gaps in project design which has provided invaluable information in redesigning projects and programmes or extending them to address the gaps. Such feedback which is often seen as complaints is being taken seriously and follow-up action is taken to inform decisions made on the ground.

One prominent aspect which has been clear in all project inspections is that timelines matter. A school project delayed by one year is a class-year missed by students. A stalled road is more than an inconvenience. Delay is a threat to commerce,

healthcare access, and overall national productivity. Delivery of government projects must therefore be measured by not only how efficient they are but also how timely and impactful they are on their targeted beneficiaries.

Challenges in project implementation, while to be expected should not be viewed as an excuse. Yes, budget cycles can be unpredictable. Procurement systems still need tightening. Capacity gaps remain. However, this administration has committed to transparency, impact, and responsiveness. We are laying the groundwork not just for today's projects, but for a public service that understands that delivery is a permanent responsibility.

We are working toward a Kenya where service delivery is timely, efficient, and people-centred. From policy gaps to potholes, from inadequate funding to functionality of completed projects, we are working with all those involved to address challenges, improve efficiency and effectiveness. Because when the last mile is delivered, the first mile of transformation begins.

*The writer is the Deputy Chief of Staff for Delivery and Government Efficiency in the Executive Office of the President*

ANTI-DOPING  
AGENCY  
OF KENYA

Stay Clean, Win Right

The Anti-Doping Agency of Kenya (ADAK) was established by The Government of Kenya through the Anti-Doping Act No. 5 of 2016, with its powers vested in a Board, headed by a Chairman. The key mandate of the Agency is to protect athletes' fundamental rights to participate in doping-free sport and thus promoting good health, fairness and equality for athletes in Kenya. The Agency invites applications from suitable individuals to fill the following positions:

VACANCY NO.	POSITION:	NUMBER OF POSTS:	TERMS OF SERVICE	REMUNERATION
ADAK/1/10/2025	Doping Control Officer	35	On-Need Basis	Payment will be made on completion of assignment as per the approved rates in ADAK's Finance Policy.
ADAK/2/10/2025	Anti-Doping Educator	20	On-Need Basis	Payment will be made on completion of assignment as per the approved rates in ADAK's Finance Policy.
ADAK/3/10/2025	Blood Collection Officer	10	On-Need Basis	Payment will be made on completion of assignment as per the approved rates in ADAK's Finance Policy.
ADAK/4/10/2025	Chaperone	30	On-Need Basis	Payment will be made on completion of assignment as per the approved rates in ADAK's Finance Policy.

For duties, responsibilities and requirements for appointment for this position please visit the careers section under the Opportunities tab on the ADAK website [www.adak.or.ke](http://www.adak.or.ke)

### HOW TO APPLY:

The Candidates interested in the above positions are expected to fulfill the requirements of chapter six of the constitution of Kenya, 2010. The successful candidates must obtain and submit up-to-date clearance certificates from the following organizations:

- Kenya Revenue Authority (KRA)
- Higher Education Loans Board (HELB)
- Ethics and Anti-Corruption Commission (EACC)
- Directorate of Criminal Investigation (Good Conduct)
- Credit Reference Bureau (CRB)

Those fulfilling the requirements of the position should apply through our recruitment portal on ADAK's website by **18<sup>th</sup> November 2025..**

**ANTI-DOPING AGENCY OF KENYA IS AN EQUAL OPPORTUNITY EMPLOYER. WOMEN, PERSONS LIVING WITH DISABILITY, MINORITY GROUPS AND THOSE FROM MARGINALISED AREAS ARE ENCOURAGED TO APPLY.**

**ONLY SHORTLISTED CANDIDATES WILL BE CONTACTED.**

KENYATTA UNIVERSITY TEACHING,  
REFERRAL & RESEARCH HOSPITAL  
(KUTRRH)

P.O. Box 7674-00100 GPO NAIROBI

## CAREER OPPORTUNITIES

Kenyatta University Teaching, Referral and Research Hospital (KUTRRH) is a State Corporation established under Legal Notice No. 4 of 2019 as a Level 6 Referral Hospital equipped with state-of-the-art medical equipment and facilities. KUTRRH is seeking to recruit highly motivated, dynamic and result oriented individuals to fill vacant positions shown below.

SN.	POSITION	TERMS OF SERVICE	POSTS	GRADE	JOB REFERENCE NUMBER
1.	Director, Clinical Services	Contract	1	KUH 2	DCS/VERT 2/2025
2.	Director, Information and Communication Technology (ICT)	Contract	1	KUH 2	DICT/VERT3/2025
3.	Director, Finance and Planning	Contract	1	KUH 2	DFP/VERT 4/2025

**KUTRRH is an equal opportunity employer and respects inclusivity, and diversity. Persons living with disabilities, marginalized and minority who meet the job specifications are strongly encouraged to apply.**

REPUBLIC OF KENYA

OFFICE OF THE PRIME CABINET SECRETARY AND MINISTRY OF FOREIGN AND DIASPORA AFFAIRS

STATE DEPARTMENT FOR FOREIGN AFFAIRS

CALL FOR APPLICATIONS/EXPRESSION OF INTEREST (EOI) FOR CONSULTING SERVICES

COUNTRY:	KENYA
ASSIGNMENT TITLE:	EXPRESSION OF INTEREST FOR PROVISION OF LEAD CONSULTANCY SERVICES FOR KENYA'S COUNTRY STRUCTURAL VULNERABILITY AND RESILIENCE ASSESSMENT PROCESS
EOI No.	MFA/SDFA/001/COMESA/AU/2025 - 2026

Background Information

One of the principal objectives of the African Union (AU) is to promote peace, security and stability on the continent. The Protocol Relating to the Establishment of the Peace and Security Council establishes the primary decision-making organ, which is the Peace and Security Council (PSC). Through the AU Peace and Security Council (PSC), the AU seeks to “anticipate and prevent conflicts.” Article 12 of the PSC Protocol provides for the establishment and operationalization of the Continental Early Warning System (CEWS) whose primary objectives are the anticipation and prevention of conflicts as well as the provision of timely policy options for the AUC Chairperson. At its 463rd meeting in October 2014 the PSC held an open session on the theme “Structural Prevention of Conflict – Reinvigorating States in Fragile Situations in Africa”. The PSC Session commended efforts by the AUC to finalize the elaboration of a Continental Structural Conflict Prevention Framework (CSCPF), which includes a Country Structural Vulnerability and Resilience Assessment (CSVA) and Country Structural Vulnerability Mitigation Strategy (CSVMS) tools to support member states efforts in the identification of Structural Vulnerability and Resilience factors to conflict in countries at an early stage with special emphasis on seven areas that are relevant in identifying drivers of conflict. These include:

- Socio-economic development;
- Good governance, the rule of law, democracy and human rights;
- Security sector;
- Environment and climate change;
- Gender and youth;
- Post-conflict peacebuilding; and
- Transitional justice and reconciliation.

The PSC underscored the need for a comprehensive and holistic approach to conflict prevention, comprising both direct and operational measures to prevent the eruption of large-scale violence, and a strategic focus on the structural causes of conflict. In this respect, the PSC reiterated the need to build robust, responsive and accountable institutions, as well as promote inclusive political processes and economic empowerment to prevent conflicts and consolidate peace. At its 502nd Meeting in April 2015, the PSC, recalled its 463rd session deliberations and encouraged Member States “to fully take advantage of the CSVA and CSVMS tools in their efforts towards the structural prevention of conflict and consolidation of peace and stability.” The PSC went further to request the AU Commission in collaboration with RECs to avail all necessary resources to Member States. The Commission has since elaborated on the CSCPF, put in place the CSVA and CSVMS tools and finalized Guidelines and Methodology.

The communique of the 1163rd meeting of the AU PSC convened at the Ministerial level on July 21, 2023, underscored the need for Member States to fully embrace the Continental Conflict Prevention Frameworks, which include the voluntary Country Structural Vulnerability and Resilience Assessment (CSVA) and Country Structural Vulnerability Mitigation Strategies (CSVMS).

The process of undertaking the CSVA and developing the CSVMS is voluntary, and country driven. The CSVA is generated through a request from a Member State, simultaneously to the REC it belongs to, as well as to the AU Commission. So far, five (5) Member States have acceded to the CSVA/CSVMS process namely: The Republic of Ghana (2017), the Republic of Cote d'Ivoire (2019); the Republic of Zambia (2021); the Republic of Malawi (2023) and the Republic of Kenya (2023, through COMESA).

The Ministry is currently soliciting Expressions of Interest (EOIs) for an eligible lead consultant for **Kenya's Country Structural Vulnerability and Resilience Assessment Process** as per the given Terms of Reference.

Scope of the Assignment and Specific Outputs

The lead consultant will be in-charge of the team of three experts who will provide technical and strategic support to the development of a Country Structural Vulnerability and Resilience Assessment (CSVA) and Country Structural Vulnerability Mitigation Strategy (CSVMS) report including a draft Implementation Strategy/ Matrix and Lesson Learnt Report. The specific outputs include:

- Inception Report based on Desk Top Research and consultations with AU-DPAPS & APRM, COMESA, EAC, IGAD, and Kenya Government SVA Bureau and Stakeholders as well as Members of the Technical Working Group on CSVA;
- Regional consultation reports – highlighting the outcomes from the regional consultations.
- CSVA and CSVMS for Kenya.
- Draft mitigation /Implementation Strategy/ Matrix;
- Lesson Learnt Report.

Profile and Roles of the Consultant and the Shortlisting Criteria

The **Lead Consultant** will: -

- Have extensive experience in conflict and cooperation analysis, drafting, diplomacy and negotiations with policy makers;
- Provide overall experts' team coordination and leadership in the execution of the assignment;
- Main liaison/ contact person between the focal institution of the Government of Kenya, Members of the CSVA/CSVMS National Bureau, Experts and national and local stakeholders including civil society actors;
- Provide strategic, facilitation, logistical and organisational support to the convening of consultations as well as the review and validation of the report with relevant national and sub-national stakeholders;
- Responsible for delivery of the inception report and the draft CSVA/CSVMS reports including the Implementation Plan to the focal institution of the government of Kenya, the National Bureau, AU and COMESA.

In addition to the above requirements, the lead consultant should have the following: -

- An advanced degree in Political Science, International Relations, Peace and or Conflict Studies or International Law and Social Studies or related fields with evidence of the expertise;
- At least ten (10) years relevant work experience in the diplomatic service, the AU, any REC/RMs or UN and UN Agencies, a policy research think tank, civil society; or as a lecturer/researcher at a university on one of the disciplines mentioned above;
- Experience of early warning systems (practical or academic), in particular familiarity with the African Union's Continental Structural Conflict Prevention Framework (CSCPF) and its underlying analytical tools will be an added advantage;
- Proven country expertise on the history and political system of Kenya and that of the region;
- Excellent analytical and writing skills as well as good communication and presentation skills;
- Excellent command of English as the working language, both spoken and in writing and knowledge of Kiswahili will be an added advantage;
- A publication record (academic or policy oriented) is a distinct advantage;
- Women experts are particularly encouraged to apply.

Further, the Lead Consultant should demonstrate competencies and expertise in undertaking the assignment by providing evidence of at least three similar assignments previously accomplished.

The assignment is expected to be completed within eight calendar months starting from the date of signing of the contract agreement. Further, note that the successful applicant through a committee of experts (**appointed by the Government of Kenya**) will be nominated to play the role of a **Lead Consultant** for the overall assignment after recruitment by the Africa Union (AU) in collaboration with COMESA, EAC and IGAD. The consultant will be engaged and remunerated by the AU in accordance with the applicable procurement guidelines, terms and conditions.

Further information regarding the Expression of Interest (EOI) can be obtained from the State Department for Foreign Affairs; Economic Affairs Department Upper Hill 316 Chambers, Upper Hill, 13<sup>th</sup> Floor Room 1311 or the Ministry' s website [www.mfa.go.ke](http://www.mfa.go.ke) from Monday to Friday excluding weekends and public holidays; from 8.00 a.m. to 5.00 p.m.; or from Mr. Evans Maturu or Janet Chepkorir on Tel. No.3318888 Ext. 873/874 or Email: [economic@mfa.go.ke](mailto:economic@mfa.go.ke) / [economicaffairs2018@gmail.com](mailto:economicaffairs2018@gmail.com). Expressions of interest in a written form in English language should be addressed to;

Principal Secretary, State Department for Foreign Affairs; P.O. Box 30551-00100 Nairobi and be deposited in the Tender box located at Old Treasury building Main reception; Ground floor, Harambee Avenue, Nairobi on or before **12th November, 2025 at 11.00 A.M. East African Time**. Submitted documents should be clearly marked **'EXPRESSION OF INTEREST FOR PROVISION OF LEAD CONSULTANCY SERVICES FOR KENYA'S COUNTRY STRUCTURAL VULNERABILITY AND RESILIENCE ASSESSMENT PROCESS**. The expressions of interest shall thereafter be opened in public at Old Treasury Building Boardroom in the presence of applicants or their representatives who will chose to attend.

Principal Secretary

STATE DEPARTMENT FOR FOREIGN AFFAIRS

# Leaders call for greater investment in youth, women's football

Elizabeth Wambui of Harambee Starlets

BY CHARI SUCHE/HASSAN BAHATI (KNA)

Football stakeholders have called for increased investment at grassroots, youth, and women's football to strengthen the sport's development across Africa.

Speaking during the fourth edition of the Africa Football Business Summit in Mombasa, Football Kenya Federation (FKF) President Hussein Mohammed said the federation is channeling more resources towards nurturing young talents and improving governance structures within the sport.

Mohammed noted that FKF is undergoing major restructuring aimed at promoting accountability and professionalism in football management.

“Our focus as a federation will be to invest in youth football. We are restructuring the federation to ensure strong governance systems, and in the coming months, there will be significant investment in youth and women's football,” he said.

He added that FKF is also investing in data analytics and modern administrative systems to enhance efficiency in football management.

The FKF president further announced plans to launch a regional beach football tournament to be hosted in the Coast region, noting that the area has shown great progress in developing the sport.

“This region has shown us that it is possible to fix football through collaboration and cooperation. We thank the Mombasa branch leadership for their efforts in promoting the game,” he added.

President of the Grenada Football Association (GFA) and FIFA Technical Development Committee member, Marlon Glean, who attended the summit, praised Kenya's football leadership and called for stronger collaboration between Africa and the Caribbean in promoting football globally.

“Kenyan football is in good hands. We in the Caribbean see ourselves as an extension of Africa since we share the same bloodline, culture, and passion. It's time Africa and the Caribbean stand together to dominate the global football space,” he said.

Glean pointed out that with about 79 FIFA member associations between Africa and the Caribbean, the two regions have the potential to influence global football policies if they work together.

“There's no reason we shouldn't be dominating the global football arena,” he added.

Hussein also urged Kenyans to rally behind the Harambee Starlets, who are scheduled to play against Gambia in a qualifier match at Nyayo Stadium.

“Please come out in large numbers to support our girls. They have shown great promise, and we believe they will make the country proud,” he said.

# New board set to boost clean water supply efficiency

**BY ERICK ONGERI (KNA)**

Bomet County Government is committed to providing clean potable water to the public, Governor Prof Hillary Barchok has said.

Speaking at Kabungut in Bomet Central Subcounty, the governor noted that with the inauguration of the new Bomet Water and Sanitation Company (BOMWASCO) Board of Management, water supply in the county will be

revitalised.

During the board inauguration, Governor Barchok assured the new board of his full support, pledging to facilitate their operations, fund interventions, and collaborate with stakeholders to ensure BOMWASCO successfully meets the county's growing water needs.

He urged the board to move swiftly to address water supply challenges in Bomet County and en-

sure residents have uninterrupted access to clean water.

Since its incorporation in 2013, BOMWASCO has

expanded from 7 to 14 water schemes but faces significant demand pressure, particularly in Bomet town, due to population growth.

Water demand has surged with an increased student population at institutions like Bomet University College, which requires 4,500 cubic meters of water. However, the Bomet Water Supply Scheme currently produces only 1,200 cubic meters, falling short of its

2,500 cubic meters design capacity.

Governor Barchok tasked the board to urgently tackle the 63 percent Non-Revenue Water (NRW) loss from illegal connections, infrastructure damage, and high-power costs. He emphasized that savings from these efforts should fund scheme improvements and last-mile connections to meet rising demand.

He also highlighted the

need to solarize water plants to reduce electricity costs.

As part of interventions to cut electricity expenses, the Department of Water, Sanitation, Environment and Climate Change, through FLLoCA funding, has initiated solarization of water schemes including Bomet Water Supply and Longisa Water Supply, alongside community-identified spring protection and pipeline extension projects.

## ADVERTISEMENT FOR VACANT POSITIONS

An independent government institution seeks to recruit professional and competent Officers to fill the vacant positions stated below. All applicants must be Kenyan Citizens committed to delivering quality and timely results and ready to work under pressure and serve in any part of the Republic. The working environment is challenging including long hours and with minimum supervision. A competitive package to the successful candidates will be offered.

1. Senior Administration Officer Grade 5 (Ref. 01/2025)

1 Post

Duties and Responsibilities:

## Kenya navigates sustainable Blue Economy with Marine Spatial Plan

BY SADIK HASSAN AND  
HADRINE JOYCE (KNA)

Kenya is developing an ambitious National Marine Spatial Plan (MSP) to guide the sustainable use of its ocean resources and unlock the vast potential of the Blue Economy, which largely remains untapped.

The MSP is a 20-year strategic framework approved by the Cabinet, designed to guide the sustainable and integrated use of Kenya's 250,000 square-kilometre ocean space, ensuring a balance between economic growth, environmental conservation, and social equity.

Although still in draft form, the final plan is expected to be ready by June 2026 for submission to the Cabinet for approval. The initiative is supported by the Government of Kenya and the World Bank through the Kenya Marine Fisheries and Socio-Economic Development (KEMFSED) Project.

The MSP covers the country's coastline, stretching from Vanga in Kwale County to Kiunga in Lamu County, which faces increasing pressure from overexploitation and user conflicts.

Experts say Kenya must integrate environmental management with economic, fiscal, and social goals to ensure sustainable marine development.

Marine Spatial Planning has increasingly gained attention globally as a practical framework for coordinated management and decision-making in marine areas.

The plan's scope includes inshore waters in Kwale, Mombasa, Kilifi, Lamu, and Tana River Counties, territorial seas, and the Exclusive Economic Zone

(EEZ).

The Mining, Blue Economy and Maritime Affairs Ministry, through the State Department for the Blue Economy and Fisheries, has finalised a series of community engagement sessions in Kilifi, Lamu, Tana River, Kwale, and Mombasa.

Participatory forums aimed to raise awareness, build capacity for meaningful participation, and gather local perspectives on resource use, conservation, and development priorities. Participants included representatives of different local stakeholder groups that have an interest in the ocean space.

Representatives of national and county governments, local non-governmental and community-based organisations involved in various activities, community groups, minority groups, beach management units, hotels and tourism and the private sector/business networks, were mainstreamed in the discussions among others.

Deputy Director Physical Planning at the State Department for Lands and Physical Planning, John Tabu said public participation is central to the MSP process as it incorporates the voices of communities directly affected by marine activities.

Kenya's Vision 2030 identifies the MSP as a key frontier in expanding the food economy, while the Fourth Medium Term Plan (MTP IV) recognises the Blue Economy as a driver of national growth.

"The MTP IV provides that the preparation of the MSP is the framework to unlock the resources that are in the Blue Economy," he stated, adding that the plan will zone the marine

space for fishing grounds, tourism, energy, shipping lanes, conservation, water sports and mining.

He added that the plan would also establish management frameworks and regulations to ensure sustainable use of marine zones.

"We are doing this so Kenya can advance to the next stage of development. As the President said, we aim to become a first-world country within 30 years, and that starts with developing and properly managing what we have," Tabu emphasised.

Secretary of the Mombasa Beach Management Unit (BMU) Network, Halima Mweru said the MSP would help reduce conflicts among ocean users. She noted that activities such as port dredging often disrupt fishing grounds, reducing fish catches and sparking tensions between port operators and fisherfolk.

"If we follow the plan, it will end or reduce such conflicts," she stated.

National Land Commission (NLC) Mombasa County Coordinator, Patrick Waweru said the Commission is ensuring the MSP process aligns with constitutional, legal, and international obligations.

"NLC is in the MSP process to ensure that stakeholders in the marine space are involved. They participate in identifying the issues, challenges and potential and also coming up with proposals to advance the national development goals and at the same time conserve marine biodiversity."

Coach Twalib Yusuf, Secretary of Aquatic Sports, called for the establishment of community rescue centres along the beaches and the embedding of lifeguards on the beaches to improve the safety of ocean users.

## KIPPRA implements women empowerment policy

KIPPRA executive director Dr. Eldah Onsomu speaking to journalists in Busia.

BY SALOME ALWANDA/  
RODGERS OMONDI (KNA)

The Kenya Institute for Public Policy Research and Analysis (KIPPRA) has started the implementation of the policy on women empowerment to foster national development.

Speaking in Busia County on Wednesday, KIPPRA executive director Dr. Eldah Onsomu said they want to ensure there is development among all groups that are marginalized.

"We are implementing a program leveraging on empowering women and implementing policy that has been approved by the government on women empowerment. The policy is aimed at leaving no one behind through capacity building for various groups through those who are marginalized across all the 47 counties.

Onsomu added that

through the program, women, people with disability, marginalized groups and youth will be trained and empowered through capacity development for them to be able to contribute to the nation's development.

She further said that implementation of the policy will play an important role in the planning and development of a nation.

"We will also ensure we monitor the implementation of child care and the women empowerment policies because of how important they are for better planning. If we empower those left behind, national and sustainable development are assured," she said.

Onsomu indicated that there is policy in place on women empowerment which is emphasizing on using evidence to influence the implementation of programs to help in

monitoring and ensure sustainable development.

She further urged women from Busia County to take advantage of the program so that they can benefit.

"Ensure that even as you work you take care of children, their nutrition, education and the training so that you are able to take advantage of the various opportunities from the government projects including support for women and SME's"

The Director disclosed that they have been supporting the government initiative of tree planting to ensure the country attains 15 billion trees by 2032.

"We have so far planted 135000 trees and this quarter we have been able to plant 9500 trees and that's one of the functions of our institute to complement the government initiative" she said.

DECLARATION OF VACANCIES

The **Social Health Authority (SHA)** is a State Corporation established under the **Social Health Insurance Act, 2023** and mandated to provide financial risk protection for Kenyan residents by facilitating equitable access to quality healthcare. SHA is responsible for administering the Social Health Insurance Fund, Primary Healthcare Fund, and Emergency, Chronic, and Critical Illness Fund in collaboration with stakeholders.

To enhance institutional capacity and deliver on its mandate, the SHA Board seeks to recruit visionary, result-driven, and experienced professionals for the following Senior Management positions.

APPLICATION REQUIREMENTS

Applicants must satisfy the requirements of Chapter Six of the Constitution of Kenya by submitting valid and current copies of the following:

- 1. Certificate of Good Conduct from the Directorate of Criminal Investigations.
- 2. Tax Compliance Certificate from the Kenya Revenue Authority.
- 3. Clearance Certificate from the Higher Education Loans Board (HELB).
- 4. Clearance Certificate from the Ethics and Anti-Corruption Commission (EACC).
- 5. Report from a Credit Reference Bureau (CRB).

HOW TO APPLY

Interested candidates should submit their applications, including:

- A detailed curriculum vitae.
- Copies of academic and professional certificates.
- A cover letter demonstrating suitability for the position.
- Contacts of at least three professional referees.

Applications should be addressed to:  
**The Chairperson**  
**Social Health Authority**  
**P. O Box 30443-00100**  
**Ragati Road**  
**NAIROBI**

Applications can be submitted online on <https://recruitment.sha.go.ke/> or physically delivered to SHA building 10<sup>th</sup> floor by clearly marking the position applied for on the envelope.

DEADLINE

All applications must be received by **5.00pm 18<sup>th</sup> November, 2025.**

TERMS OF SERVICE

A competitive remuneration package as advised by the Salaries & Remuneration Commission will be offered to the successful candidate.

**SHA is an equal opportunity employer committed to diversity and gender equality. Canvassing will lead to automatic disqualification. Only shortlisted candidates will be contacted.**

**REFORESTATION**

# State steps up forest conservation efforts

From 15-billion tree planting campaign to enactment of new policies and laws, the conservation drive aims to restore ecosystems, combat climate change, and inspire global action

**W**hen you plant trees, you not only grow forests, food, water and jobs, but also a sustainable future.

The Government, as well as ordinary citizens, understand this better as they join forces to plant trees in different parts of the country.

Under the anchor campaign, which involves the planting of 15 billion trees in 10 years, the country is carrying out an environmental restoration programme never witnessed before as it seeks to reverse climate change effects.

Climate change, while it appears to be only an environmental problem, burdens other sectors like health, energy, transport, finance and blue economy.

The national forest restoration project, which was kicked off on December 21, 2022, after a presidential launch at Ngong Forest, targets to plant 15 billion trees by 2032, thus restoring 10.6 million hectares of degraded forests and rangelands.

Most importantly, the programme aims to raise the national tree cover to 30 per cent from the current 12 per cent.

To support this ambitious drive, the Government established seed centres across the country as well as partnered with various stakeholders to accelerate seedlings production.

A major boost, however, has come with the adoption of a Whole-of-Government Approach, with each Ministry, Department and Agency assigned a specific forest or degraded landscape to restore.

President William Ruto, Cabinet Secretaries and other senior officials have planted trees at public functions and various institutions as part of the Government policy.

The first phase of the project, which

**INFOBOX****Benefits of tree planting**

- Trees help in stabilising land by preventing soil erosion thus boosting fertility besides mitigating pollution and evaporation of moisture.
- Trees absorb carbon dioxide, making them powerful tools for reducing greenhouse gas emissions.
- By restoring forest cover, Kenya aims to stabilise its water cycle, reduce drought impacts and safeguard biodiversity in fragile ecosystems
- Tree-planting campaign has created hundreds of green jobs.
- Kenya is positioning itself to benefit from carbon markets, where it can sell carbon credits to countries and companies seeking to offset emissions.
- By planting trees, one can also engage in carbon credit trading. Carbon credits represent the reduction of one tonne of carbon dioxide and

**Head of Public Service Felix Koskei (centre), the PS, State Department for Environment and Climate Change Dr Eng. Festus K. Ng'eno (second right) and other leaders plant trees in Mau Forest.**

runs until 2027 and targets to plant five billion trees, has recorded remarkable success, with over 1.06 billion trees planted so far, President Ruto said while marking Mazingira Day on October 10, 2025. "We call on every Kenyan to make their contribution to the national tree-planting drive as we work towards our ambitious goal of 15 billion trees by 2032," the President said.

He acknowledged existing challenges in accessing tree seedlings and reassured that the Government will continue to provide them across the country under a new strategy.

This is through a multi-agency approach involving Kenya Forest Service (KFS) and National Youth Service (NYS).

"KFS, in collaboration with the NYS, will mobilise 15,000 NYS personnel to revive 300 nurseries in all our forests and establish 17 mega nurseries to produce two billion seedlings every year for Kenyans to plant," the President said.

In the collaboration, KFS brings decades of forestry knowledge, nursery management and ecological planning, while NYS contributes a disciplined, youthful workforce capable of executing

large-scale operations across the country.

The nurseries, besides delivering seedlings, serve as key points for technical training and community engagement.

The Mau Forest Complex Integrated Conservation and Livelihood Improvement Programme, spearheaded by Environment PS, Eng. Dr Festus Ng'eno and which is being launched today, complements the overall forest restoration campaign.

The flagship initiative, targeting Kenya's largest closed-canopy forest ecosystem, seeks to restore the vital water catchment area and its biodiversity.

The Mau Forest is not just a forest, it is a lifeline; its restoration, therefore, is a national duty.

To monitor the progress made in planting trees, the Government has embraced digital tools, in particular Jaza Miti App.

The app allows users to document tree-planting activities by recording the number, species and location of trees planted. One also can upload photos and monitor the survival and growth of their trees over time.

President Ruto, who chairs the

Committee of African Heads of State and Government on Climate Change (CAHOSCC), noted that across the globe, greenhouse gas emissions are still on the rise.

He challenged the international community to step up contributions in climate change adaptation and mitigation to complement Africa's efforts.

At the recently held second Africa Climate Summit in Addis Ababa, the President said Africa is taking bold approaches to climate action by adopting climate positive growth, positioning the continent as a source of solutions rather than a victim.

He noted that the Nairobi Declaration adopted at the inaugural Africa Climate Summit in September 2023 demonstrated Africa's commitment to climate action as a driver of economic growth, transformation and job creation, and not a burden.

Apart from restoring the environment, the 15 billion trees programme has created hundreds of jobs for the youth and women, including through the sale of seedlings as well as the planting and taking care of the plants.

One may wonder, how does tree planting help in reversing climate change effects? First, trees isolate and absorb carbon dioxide from the atmosphere, therefore, reducing emissions as they store the carbon in the leaves and soil and release oxygen into the atmosphere.

Further, trees help in stabilising land by preventing soil erosion thus boosting fertility besides mitigating pollution and evaporation of moisture.

Kenya's national tree restoration programme is anchored in the National Climate Change Action Plan (NCCAP) 2023-2027 and the second Nationally Determined Contribution (NDC), which outline bold targets that include a 35 per cent reduction in greenhouse gas emissions by 2035.

NCCAP identifies eight priority sectors that are central to the country's climate resilience and low-carbon development goals. These sectors are disaster risk management, food and nutrition security, water, fisheries and blue economy, forestry, wildlife and tourism, health, sanitation and human settlements, manufacturing, energy and transport and children and youth. ■

### CIRCULAR ECONOMY I

Project encourages the creation of a circular economy.

Project will support 500 Mazingira Clubs in schools.

Model seeks to empower local communities to engage in economic activities to curb forest degradation

# Mau project a time-tested model in restoring degraded forests

**S**panning over 403,000 hectares (ha), the Mau Forest Complex (MFC) is one of the country's most vital natural resources.

It is the largest Afro-montane Forest in East Africa and Kenya's largest and most important water towers.

It comprises 22 forest blocks, 21 which are public forests managed by the Kenya Forest Service and one community managed Maasai Mau block.

The complex holds the highest economic value among all forests in the country, estimated at Sh197 billion.

This is attributed to its extensive resources and transboundary ecosystem services, according to the Ministry of Environment, Forestry and Climate Change.

The Ministry adds that the forest is a critical biodiversity hotspot since it is a habitat to species of international conservation concern and serves as the source of 12 major rivers namely

Sondu, Mara, Nyando, Yala, Ewaso Ng'iro, Molo, Njoro, Nderit, Makalia, Naishi, Mumberes and Nzoia.

The rivers feed key lakes including Turkana, Baringo, Nakuru, Natron, and Victoria.

At Lake Natron, MFC also plays a vital role in the breeding of Lesser Flamingos, as water from rivers originating in the forest feed the water body.

Further, MFC supports the livelihoods

of millions of people surrounding it, sustains the ecological health of the region and ecosystems such as the Maasai Mara and Serengeti, which are renowned for their rich biodiversity and tourism value.

Despite its critical ecological and socio-economic value, MFC faces severe degradation driven by human activities and climate change.

Key threats include illegal charcoal production, over-harvesting of wood fuel and timber, overgrazing, land use changes, forest fires and poor farming practices.

More pressures such as population growth, riparian encroachment, water pollution and unregulated water abstraction by commercial farms and industries have further strained the ecosystem.

The Main Forest Complex Integrated Conservation and Livelihood Improvement Progress (MFC-ICLIP) seeks to address the threats and challenges facing the resource.

Dr Eng. Festus K. Ng'eno, the Principal Secretary, State Department for Environment and Climate Change and the Patron of the Programme, said it is a collaboration with the private sector, development partners, NGOs conservationists and the local communities.

He described MFC-ICLIP as a trans-

**Dr Eng. Festus K. Ng'eno, the Principal Secretary, State Department for Environment and Climate Change, who is the patron of the programme.**

formative and novel initiative to forest restoration.

"It is a programme for everyone, it is seeking to unite communities, the private sector, development partners,

NGOs, conservationists, County Governments, schools and stakeholders, under the rallying call "Linda Mau, Boresha Maisha," he said.

The 10-year programme is estimated

to cost Sh21.5 billion and targets the Eastern, Molo, Western and South West MFC blocks and adjacent farmlands covering a total area 317,115 hectares.

"The programme outputs will be achieved through annual editions of multi-stakeholder conservation campaigns," Dr Ng'eno explained, adding that they will help to restore and sustainably manage the Mau Forest Complex through an integrated conservation and livelihood improvement approach that enhances ecosystem functionality and strengthens climate resilience across the landscape.

The projects specific objectives are:

- To restore degraded landscapes and protect the Mau Forest Complex, for enhanced ecosystem services, agricultural productivity and climate resilience.
- To support nature-positive enterprises and agricultural value chains for improved livelihoods
- To promote circular economy to spur green jobs for a clean and healthy environment.

iv. To promote environmental education and research to inform development and decision making.

v. Strengthen policy, governance and institutional frameworks for sustainable community based natural resource management of the Mau Forest Complex. ■

## Initiative aligns with global, regional & national climate goals

The Mau Forest Complex Integrated Conservation and Livelihood Improvement Programme (MFC-ICLIP) aligns with Kenya's, regional and global environmental commitments, including Sustainable Development Goals (1, 2, 6, 7, 8, 12, 13, 15), the Convention on Biological Diversity (CBD), United Nations Framework Convention on Climate Change and the AFR100 Initiative, under which Kenya has pledged to restore 5.1 million hectares by 2030.

Nationally, the Mau initiative supports

the implementation of Kenya's Nationally Determined Contributions (NDCs), the National Climate Change Action Plan (NCCAP), and the National Landscape and Ecosystem Restoration Strategy (2023-2032), which targets the restoration of 10.6 million acres of degraded land through the growing of 15 billion trees in seven ecosystems.

These ecosystems include water towers, wetlands and riparian lands, natural and plantation forests and agroforestry in agro-ecosystems. ■

**A section of the Mau Forest.**

ECOSYSTEM

# Mau Forest supports millions of people in

The forest, which spans across five counties, supports agriculture, hydropower generation and tourism

**M**au Forest, renowned for its expansiveness, lush biodiversity and ecological importance, spreads across the highlands of the Rift Valley, forming magnificent canopies and river systems.

The forest spans several counties, including Nakuru, Kericho, Bomet, Narok and Baringo.

It is one of Kenya's largest natural forests, covering approximately 400,000 hectares. The forest complex is divided into multiple blocks namely Eastern Mau, Western Mau, South-West Mau, Trans Mara and Maasai Mau.

These blocks overlap with different county boundaries, making the forest a shared ecological resource among various regions.

For example, the Maasai Mau block is located in Narok County, while parts of Eastern and Western Mau extend into Nakuru and Kericho counties.

The forest's strategic location and sheer size make it a critical part of the country's ecological backbone, acting as the largest of Kenya's five "Water

A settlement inside the Mau Forest.

Towers".

The others are Mount Kenya, Aberdare Range, Mount Elgon and Cherangany Hills. The forest is the source of numerous rivers, including the Mara, Sondu and Njoro, all which feed major lakes such as Victoria, Nakuru and Natron.

These rivers and lakes are a lifeline for millions of people across East Africa, supporting fishing, farming, tourism and trade.

Lake Victoria, the world's second-largest freshwater body, sustains one of the region's biggest inland fisheries, providing food and income to communities in Kenya, Uganda and Tanzania.

On the other hand, Lake Nakuru draws tourists from around the globe, boosting

local economies through wildlife safaris and hospitality services.

River Sondu, which originates from the Mau Forest Complex, nourishes agricultural lands in Kericho and Kisumu counties, enabling smallholder farmers to cultivate crops like maize, sugarcane, and vegetables and keep livestock.

The river also powers the Sondu Miriu Hydropower Project, which immensely contributes to Kenya's national electricity supply.

River Mara, the most iconic of the three, begins in the Mau Forest, winding through the Maasai Mara National Reserve before terminating into Lake Victoria.

It is one of Africa's most celebrated

wildlife ecosystems because it supports the annual Great Migration, where millions of wildebeest and zebras cross its waters, attracting tourists from around the world.

This spectacle fuels a thriving tourism industry, providing income and employment to thousands as it also supports pastoralism and crop farming.

On its part, River Njoro, flowing from the Eastern Mau Escarpment into Lake Nakuru, plays an equally critical role.

It supplies water to nearly a million residents in Nakuru County and helps recharge underground aquifers that ensure long-term water security.

The river feeds Lake Nakuru, a UNESCO World Heritage Site known

for its flamingos and rich biodiversity.

Mau Forest was a complete complex. However, over the decades, it has faced serious threats from deforestation, illegal logging, charcoal burning, overgrazing and agricultural encroachment.

These activities have led to widespread degradation, resulting in soil erosion, reduced water flow, biodiversity loss and frequent landslides posing significant risks to surrounding communities and the ecosystem.

The Mau Forest restoration initiative, launched today, implements large-scale reforestation, agroforestry and community conservation programmes that come as a boost to efforts initiated over the years. ■

Sustainable Development Goal 13 calls on countries to take urgent action to combat climate change and its impacts. Kenya's commitment to SDG 13 represents a crucial step toward a sustainable, climate-resilient future for all Kenyans. Here is the progress:

## Kenya's implementation of SDG 13

**Key Achievements**

- Regional clean energy leader: 90% of on-grid electricity from renewable sources
- Geothermal power: Significant geothermal energy development
- Carbon markets: New regulations for carbon trading (2024)
- Green bonds: Supporting sustainable agriculture and climate initiatives
- 15 billion tree campaign: 10% forest cover. Target is 30% by 2030.
- SDG Progress Score51%

**Policy Framework**

- Climate Change Act 2016
- National Climate Change Action Plan
- Energy Transition Investment Plan 2023
- Carbon Markets Regulations 2024
- Kenya Vision 2030

**Key Targets**

- Target 13.1: Strengthen resilience and adaptive capacity to climate hazards
- Target 13.2: Integrate climate change measures into national policies
- Target 13.3: Improve education and awareness on climate change

**International Support**

- UN collaboration on climate initiatives
- Green Climate Fund projects
- Climate Investment Funds participation
- Regional climate partnerships

**Key Focus UnderSDG 13**

- Mitigation: Reduce greenhouse gas emissions.
- Adaptation: Strengthen resilience to climate impacts.
- Equity: Protection of vulnerable communities.

**Implementation Timeline**

- 2024: Carbon Markets Regulations enacted, enhanced climate finance initiatives
- 2025: Continued renewable energy expansion, climate adaptation projects
- 2030: Target: 100% renewable electricity, universal electricity access
- 2040 : Goal: 100 GW grid capacity, fully integrated climate resilience

**Opportunities**

- Geothermal Potential: Vast untapped geothermal resources
- Carbon Markets: New regulatory framework for carbon trading
- Green Finance: Increased international climate funding
- Regional Leadership: Platform for African climate action

**Key Challenges**

- Financing: Limited access to climate finance for adaptation projects
- Agriculture: Climate vulnerability affecting 80% of smallholder farmers
- Infrastructure: Need for grid expansion and modernization
- Capacity: Technical expertise gaps in renewable energy deployment

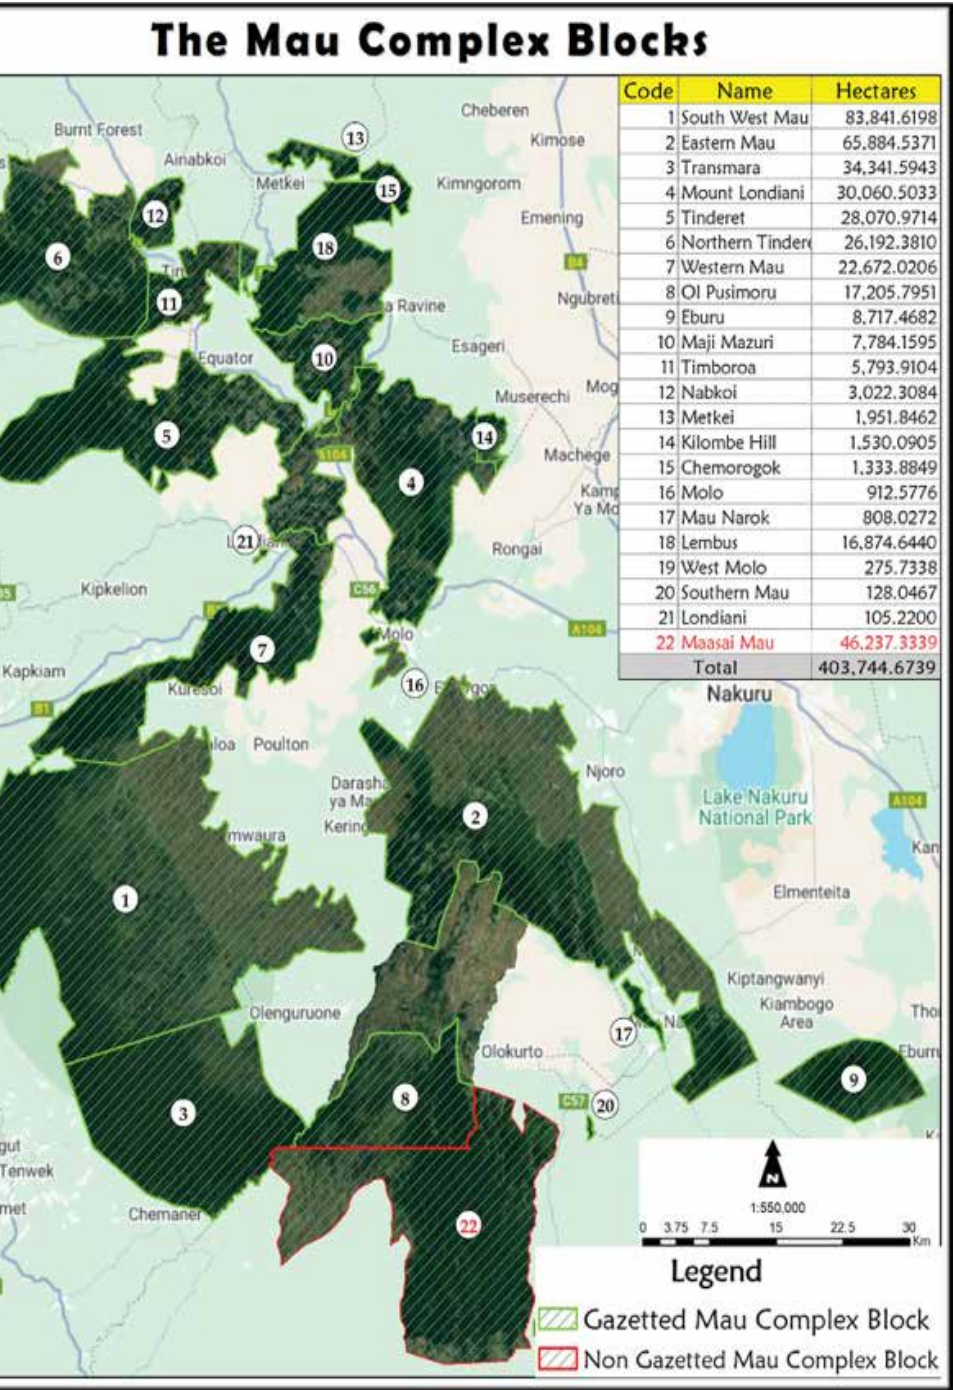

# Kenya and beyond

CLIMATE ACTION

IMPLEMENTATION

# How 10-year forest initiative will be carried out

Project has five components, with the first phase costing some Sh2.1 billion

To successfully restore the forest, the Mau Forest Complex Integrated Conservation and Livelihood Improvement Programme (MFC-ICLIP) is being implemented through the following five components:

**a) Sustainable landscape management**

This involves restoration of degraded landscapes and protection of natural ecosystems. Under this component, the initiative targets to restore 33,138 hectares of forests and 668.7 hectares of wetlands.

There is also the establishment of 16km of socio-economic buffer zones; fencing of 50km of forest boundaries; protection of 237.5km of wetlands and 100km of riverine areas and restoration of 143,803 hectares under sustainable land management practices targeting 128,680 farmers.

Provision of 5,000 households with solar, biogas and energy efficient stoves as well as offering solar lighting systems to 400 schools will also be done.

Component one also involves water harvesting, storage and distribution, where there is rehabilitation of 20 dams and 40 water pans, provision of 10,000 water ponds, 800 water tanks for 400

households and 400 schools, protection of 40 springs for improved water access and provision of 10 micro-irrigation kits for increased food and nutrition security.

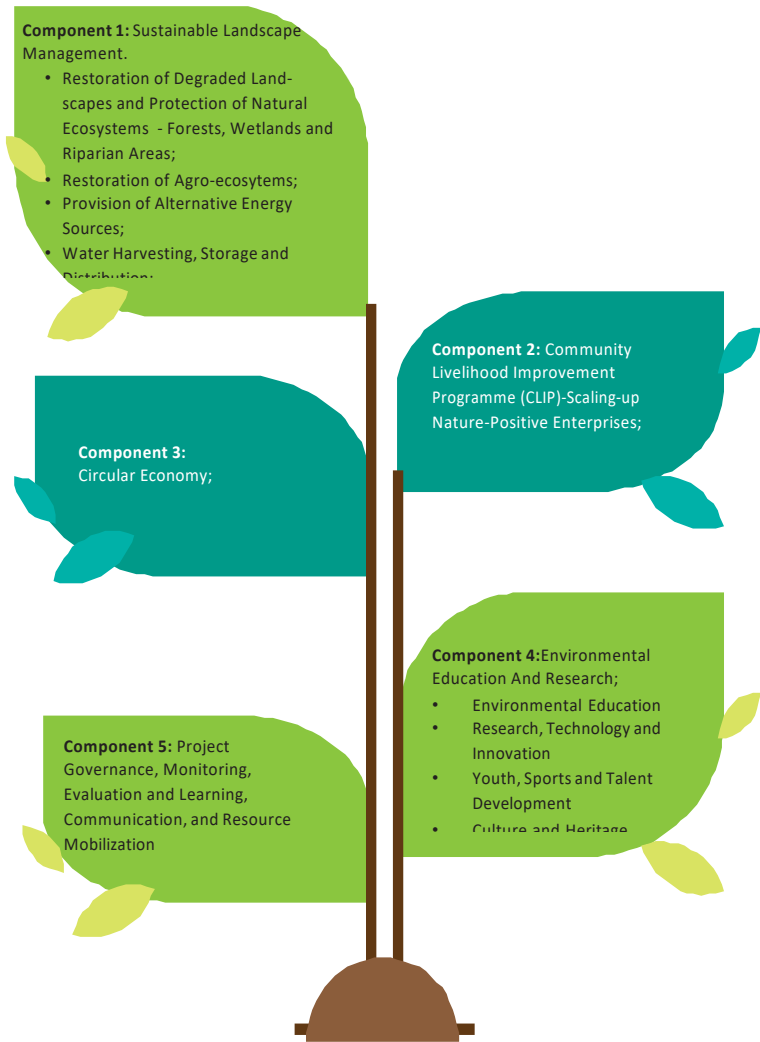

**b) Community Livelihood Improvement Programme (CLIP)**

Through this component, the programme will scale-up 50 nature-positive enterprises and sustainable land management practices, including milk, potatoes and avocados, 100,000 land-use plans, training of 80,000 farmers, put 143,803 hectares under agroforestry and soil and enhance water conservation practices (terraces, grass strips and gabions).

It will also support 25,000 farmers in agroforestry through provision of high value seedlings, 50 green enterprise community savings/loan schemes and creation of at least 10,000 green jobs.

**c) Circular Economy**

For effective environmental management, the project encourages the creation of a circular economy. This will be done through the holding of 100 public awareness campaigns, decentralisation of 100 waste recovery and processing enterprises, construction and equipping of three material recovery facilities (MRF's), provision of 200 metal waste skips and 2,000 model colour coded bins to schools.

**d) Environmental education and research**

The project will support 500 Mazingira Clubs in schools, establish 50 model schools and strengthen environmental education in 50 schools.

Further, 10 model schools to showcase green learning centres, ICT hubs, circular economy initiatives, tree nurseries, solar/biogas systems) will be set up in the targeted communities. In the 10-year project, annual Mau Conference and

marathons will be held.

To promote culture and heritage, the project will seek the gazettelement, construction and protection of shrines and cultural centres.

**e) Governance, coordination and resource mobilisation**

MFC-ICLIP will be anchored on strong governance and coordination structures, bringing together partners and stakeholders through regular roundtables and barazas at both national and local levels.

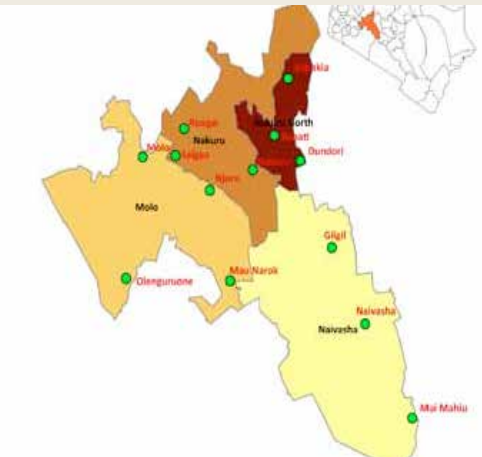

A National Technical Coordination Committee and Local Coordination Committee will provide technical backstopping and ensure inclusive, multi-stakeholder participation. To sustain the initiative, the project will also prioritise resource mobilisation through donor coordination forums and the establishment of a Mau Water Fund, positioning it as a long-term financing mechanism for landscape restoration and conservation for sustainability.

A monitoring, evaluation and learning (MEL) framework will guide implementation, incorporating baseline studies, quarterly data collection, annual review workshops and periodic evaluations in years five and 10.

The MEL system will be supported by digital tools such as an MIS platform and online dashboard, ensuring real-time tracking of progress and impact across ecological, socio-economic and institutional indicators. ■

## Know Nakuru County in a minute

Nakuru County is located in Rift Valley. It shares borders with Baringo County to the north, Laikipia to the northeast, Nyandarua to the east, Kericho and Bomet to the west and Kajiado to the south. Covering an expansive area of approximately 7,509.5km<sup>2</sup>, Nakuru is one of the largest and most populous counties in the country. The county experiences moderate temperatures ranging from 10°C to 28°C, with annual rainfall averaging between 850mm and 1,800mm depending on altitude and terrain. Its diverse climate supports a wide range of agricultural and ecological zones. Nakuru City serves as the county's administrative and commercial headquarters. It was granted city status in December 2021, making it Kenya's fourth city after Nairobi, Mombasa, and Kisumu. The county is renowned for

its rich biodiversity and scenic landscapes. Lake Nakuru National Park, famous for its flamingo population and rhino sanctuary, is a major tourist attraction. Other natural landmarks include Menengai Crater, one of the largest volcanic calderas in the world, and Lake Naivasha, a freshwater lake that supports vibrant birdlife and water-based tourism. Agriculture is the backbone

of Nakuru's economy, with residents engaged in mixed farming—growing crops such as maize, potatoes, and horticultural produce, alongside dairy and poultry farming. The county also boasts a growing manufacturing sector, robust trade networks, and a thriving tourism industry. According to the 2019 census, Nakuru County has a population of 2.16 million, making it the third most populous county in Kenya.

## CONSERVATION

# Ministry mainstreams environment agenda as tree planting drives intensify

State's funding of the sector grows enabling the Ministry to entrench tree planting, including through celebrations like Mazingira Day

Environment Cabinet Secretary Deborah Barasa (centre) and PSs Dr Festus Ng'eno (Environment, second left) and Dr Raymond Omolo (Internal Security, third left) with Kenya's second Nationally Determined Contributions (NDCs) at the Kenyan Pavilion at the Second Africa Climate Summit (ACS-2) in Addis Ababa, Ethiopia.

**T**he Government has ramped up its investment in the environment sector, enhancing budgetary allocations over the years.

In the financial year 2025/2026, the Government allocation to the Environment, Climate Change and Forestry sector stood at Sh10.7 billion as Treasury prioritised the acceleration of forest restoration efforts.

Of the money, Sh1.6 billion went to forest research and development to enhance scientific understanding of the forest ecosystems, promote innovation in agroforestry and inform policy decisions.

Further, Sh3.7 billion was earmarked for environmental management and protection to fund restoration of degraded ecosystems, enforcement of environmental regulations and community-led conservation programmes.

Treasury also allocated Sh11.5 billion to the Financing Locally Led Climate Action (FLLoCA) Project.

The initiative empowers counties to design and implement climate resilience initiatives tailored to local needs.

Meteorological services, on the other hand, in the budget read in June received

Sh1.6 billion, money to be used for modernisation of weather forecasting systems, expansion of early warning capabilities and improve climate data collection.

This allocation signals the Government's commitment to locally driven climate-solutions.

The Ministry of Environment, Climate Change and Forestry is responsible for the implementation of the above-mentioned projects.

Led by Cabinet Secretary Deborah Barasa and Principal Secretaries Dr Eng. Festus Ng'eno (Environment and Climate Change) and Gitonga Mugambi (Forestry), the Ministry plays a central role in shaping environmental policy and promoting climate resilience.

One of the key projects that the Ministry is implementing is the 15-billion tree campaign that seeks to boost the forest cover to 30 per cent from the current 12 per cent by 2032.

The Mau Forest and Kaptagat Forest restoration projects, among others, complement the 15-billion tree campaign.

To drive the restoration and climate mitigation agenda, the Ministry has developed various frameworks, including

the National Climate Change Action Plan (NCCAP) and Kenya's Nationally Determined Contributions (NDCs) under the Paris Agreement.

The Ministry further spearheaded the process to develop and enact the Climate Change (Carbon Markets) Regulations, 2024.

The law took effect on May 17, 2024, providing a comprehensive legal structure for the development and oversight of carbon markets in the country.

It categorises carbon projects into land-based, like reforestation and conservation and non-land-based like clean cook stoves and solar lighting initiatives.

It distinguishes between compliance carbon markets (regulated) and volun-

tary carbon markets, enabling both public and private sector participation.

The law mandates community development agreements and annual social contributions to ensure local communities benefit from carbon projects. Another key milestones the Ministry has made in the environment and climate change sectors include the rehabilitation of critical ecosystems such as the Mau Forest Complex and Mount Kenya, which are vital for water security and biodiversity.

Under the 15-billion tree campaign, the Ministry has spearheaded the growing of 1.06 billion trees.

The campaign targets to reduce greenhouse emissions as well as stop and reverse deforestation. Tree planting is a powerful sustainable solution to mitigate the adverse effects of climate change and reduce environmental degradation.

In the campaign, the Government is pushing for the planting of a variety of trees depending on regions.

These include indigenous species like mukau (*Melia volkensii*), croton and acacia, suitable for arid and semi-arid lands due to their resilience and ecological benefits.

The Government is also promoting the planting of fruit trees like mango, avocado and guava, particularly in schools and homesteads, to enhance food security and provide economic opportunities for families.

CS Barasa on Mazingira Day said that in the fruit tree campaign, the Government targets to grow 100 million trees in primary schools, linking environmental conservation with food security and education.

The approach further ensures that young learners grow up with a tangible connection to nature and an understanding of its role in sustaining communities.

In May 2025, the Ministry, together with various partners, including the

United Nations Office for Disaster Risk Reduction launched the Early Warnings for All (EW4All) initiative, which seeks to strengthen Kenya's disaster preparedness. It is a step towards protecting lives and livelihoods as Kenya shifts from reactive disaster response to proactive anticipatory action.

"Every Kenyan, regardless of where they live or what language they speak, deserves access to life-saving information before disaster strikes. Let us, therefore, unite, collaborate, engage and build an Early Warning System in Kenya that will reduce loss of life and livelihoods, bolster food security and build a more resilient Kenya for generations to come," Ms Barasa said.

The Ministry has also stepped up efforts to strengthen plastic waste management and promote circular economy to reduce single-use plastics, encourage recycling, reuse and sustainable packaging alternatives, building on the 2017 plastic bag ban. ■

## KYEB BOARD OF DIRECTORS

# Message from the Kenya Yearbook Editorial Board

**Ms Wangui B. Ng'ang'a,  
Chairperson**

**Mr Leonard Ndung'u, Board  
Director**

**Mr Jimmy Munyao Mauta,  
Board Director**

**Dr Dinah Chesami  
Samikwo, Board Director**

**Mr Washington Timbe,  
Board Director**

**Mr Edward Rutere, Board  
Director**

**Ms Monica Omoro, Board  
Director**

**Mr Julius Mukwe, Board  
Director**

**Ms Lilian Kimeto, Chief  
Executive Officer**

**T**oday, as we gather to mark the first edition of the Mau Forest Complex Integrated Conservation and Livelihood Improvement Programme (MFC-ICLIP), we celebrate not only the restoration of one of Kenya's most vital forest ecosystems, but also the progress the country is making in the fight against climate change.

MFC-ICLIP showcases a bold vision in forest restoration and management, with the initiative balancing environmental protection with socio-economic development.

Environment conservation is one of the key planks of the Bottom-Up Economic Transformation Agenda (BETA), therefore, MFC-ICLIP demonstrates how environmental restoration can go hand-in-hand with improving community livelihoods.

This first edition, which is being launched by President William Ruto, marks a significant milestone in the efforts to restore the Mau Forest, and broadly the Government's efforts to integrate climate action into national development priorities.

President Ruto has shown great commitment to environmental con-

servation, not only through the start of the 15 billion trees campaign, but also through the monitoring of its progress and coming up with solutions to address the challenges.

In his address to the country on October 10, 2025, the President noted that over a billion trees had been planted in the national campaign and acknowledged the challenges slowing down the programme.

His directive that the National Youth Service works with Kenya Forest Service to deliver the much-needed seedlings gives fresh impetus to the initiative.

Further, the Government has sustained funding to the environment sector, allocating Sh10.7 billion in this financial year to speed up projects.

The allocation showcases the Government's commitment to climate action and environmental sustainability.

At Kenya Yearbook Editorial Board (KYEB), we will not relent in showcasing the work of Government in all sectors, including the environment.

We will sustain our efforts to support environmental conservation through our publications and corporate social responsibility efforts.

In the "Yearbooks 2023 and 2024", we

## KENYA YEARBOOK EDITORIAL BOARD

highlight the milestones the country has made in conserving the environment and mitigating the effects of climate change.

From the ban on use of plastic bags to the launch of the 15 billion tree planting campaign and the hosting of the inaugural Africa Climate Summit, our publications breakdown how Kenya is making progress in the sector.

The books also call to action, reminding every citizen that environmental stewardship is a shared responsibility and part of our national pride.

As an institution, KYEB has implemented the Government's directive in tree planting by actively participating in the National Tree Growing Restoration Campaign drives initiated by the Ministry of Information, Communications and the Digital Economy in Nandi and Kisii counties.

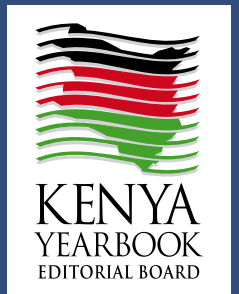

More trees have been planted by KYEB management and staff in events like this and schools as part of our national responsibility.

KYEB further continues to support other conservation drives, including the Rhino Charge, whose 2025 edition was held in Saimo-Soi, Baringo County.

The event saw 65 teams compete in the off-road challenge, with KYEB sending a group of staff to document the event.

KYEB is committed to story-telling that highlights environmental preservation and climate change mitigation.

The institution will continue to champion environmental conservation not only through its publications, but also in active participation in restoration efforts like this one, the Mau Forest Complex Integrated Conservation and Livelihood Improvement Programme (MFC-ICLIP). ■

## Ministry partners with private sector to enhance food security

BY WANGARI NDIRANGU  
(KNA)

The Government is restructuring the agriculture sector to enhance efficiency and productivity across the entire value chain, from research and production to harvesting, processing, marketing, consumption, and export.

Agriculture and Livestock Development Cabinet Secretary Mutahi Kagwe said the overarching goal is to make every acre of Kenyan soil productive, every farmer visible, and every harvest more valuable.

Speaking during the 5th National Agribusiness Summit in Nairobi, Kagwe emphasized that the private sector remains central to government policy and implementation in driving food security and economic growth.

"We cannot continue spending Sh500 billion annually on food imports. It is unsustainable, drains our foreign exchange reserves, denies our youth employment opportunities, and undermines our farmers' efforts," said Kagwe.

He explained that the government is incentivising the private sector to locally produce key food and industrial crops such as rice, wheat, palm oil, cotton, sugarcane, and livestock

Agriculture and Livestock Development Cabinet Secretary Mutahi Kagwe speaking during the 5th National Agribusiness Summit at KICC, Nairobi.

feed—through the Land Commercialisation Initiative (LCI). The programme leases idle land on a long-term and affordable basis to bridge the gap between production and consumption.

"We are also leasing loss-making government-owned firms in the sugarcane, cotton, and pyrethrum value chains to the private sector to free up public funds. These are resources that would otherwise go into endless subsidies with no meaningful turnaround," Kagwe added. He revealed that over 1.5 million acres of

land are available across national and county levels for agricultural investment, which could significantly boost local food production.

Kagwe noted that the agriculture sector is largely driven by the private sector and remains a key contributor to job creation and national food security.

"It is the private sector that will drive agricultural transformation. We have already transferred sugar management to private players and will do the same with pyrethrum. This is not a mistake—it's policy. We also seek to integrate private-sector ideas into

government planning," he said.

The CS highlighted the government's collaboration with the Agriculture Sector Network (ASNET), an umbrella body that brings together agricultural stakeholders to harmonise operations, share ideas, and shape sectoral policies.

He added that within the Ministry, the Land Commercialisation Initiative Office will be expanded into a one-stop investment centre where local and international investors can access all necessary information and guidance on agricultural ventures.

## Kajiado takes over management of Amboseli Park

BY ROP JANET (KNA)

The management of Amboseli National Park has officially been transferred to the Kajiado County Government following the signing and gazetting of a Deed of Transfer of Management Functions. According to the gazette notice, the national government has transferred, conveyed, and assigned to Kajiado County the full management functions of the park. The transfer takes effect 21 days after signing

and will remain in place for 15 years, subject to renewal. Ownership of Amboseli remains with the Kenya Wildlife Service (KWS), which will continue to provide oversight on key functions. The county will now oversee conservation, wildlife security, and tourism operations within the park, while revenue collection will be conducted through the e-Citizen platform under a phased sharing arrangement.

In the 2026/2027 financial year, revenue will be split equally between the two

Amboseli National Park gate entrance.

levels of government before the county's share rises to 70 per cent in 2027/2028. From 2028/2029, Kajiado County will retain 100 per cent of collections, while five per cent will remain with the national government to support research and ecological monitoring.

A transition committee

will supervise the handover until June 30, 2026, during which the national government will continue paying salaries and managing existing contracts.

All current employees will be retained, with the county expected to gradually take over.

## BRIEFS

### Correctional Services fetes top performers at gala

BY NICHOLAS KIGONDU (PCO)

The State Department for Correctional Services has honored its best-performing individuals and institutions during a gala dinner that marked the climax of the three-day Correctional Service Week.

The awards, which ranged from Distinguished and Outstanding Service to Best in Offender Rehabilitation and Reintegration, recognized twenty-two individuals and twenty-four correctional facilities.

Presiding over the event, Interior and National Administration Cabinet Secretary Kipchumba Murkomen said the exemplary performance reflected the officers' commitment to ensuring safer communities and protecting the dignity of those under their care.

"Correctional reform is an administrative undertaking that requires moral commitment, aimed at building a system that is people-centric, humane, and aligned with the standard minimum rules for the treatment of offenders," he said.

The CS added that the future of correctional services in the country remains bright, as it is being built by men and women who believe that change is possible, service is sacred, and that efficiency and humanity can coexist.

"I have been especially encouraged by the collaboration that has permeated every event during which officers from the state department for correctional services work side by side, as guided by a shared commitment to service excellence," he said.

Speaking at the event, Correctional Services Principal Secretary Dr. Salome Beacco said it was the belief of every officer working at the department that every life, no matter how broken, carries the potential for renewal.

"The week's events have reaffirmed a simple but powerful truth: corrections are people-centric. It thrives where compassion meets professionalism; where discipline is balanced with humanity; and where service is guided not by compulsion, but by conviction," said Beacco.

### German lawmakers visit Machakos to inspect Global Fund youth projects

BY ANNE KANGERO

German parliamentarians supporting the Global Fund visited Machakos as part of their tour of the country to inspect Global Fund-supported projects and engage with beneficiaries. The team visited the Drop-In Centre, one of the supported projects housed at the Youth Centre in Machakos County, to assess the impact of Global Fund initiatives on youth empowerment, including improvements in social skills, self-esteem, and job prospects, all aimed at promoting sustainable development.

The Drop-In Centre which is managed by Deaf Empowerment Kenya (DEK) in partnership with the Machakos county, provides a no stigma and discrimination environment, provides youth empowerment programs including counselling, HIV/AIDS testing and treatment services

as well as Cervical cancer screening.

Welcoming the delegation, DEK Director, Joseph Ngari, expressed gratitude to the Global Fund and reaffirmed the organization's commitment to accountability and effective use of the resources.

He added that the Drop-in Centre is a safe space for Machakos youths to interact with each other, learn about sexual reproductive health resources, family planning, HIV prevention and develop skills through capacity building sessions to enhance their ability to make informed decisions about their sexual reproductive health.

"Thank you for supporting our project. We commit to putting the funds to good use," said Mr Ngari.

Additionally, he noted that the centre is also equipped with recreational facilities such as pool tables,
